The *Editor's* column

We have been asked why the names of the three boys were published who were arrested by Arlington Heights police, charged with purchasing beer in a local tavern and fined by Judge Neumann, $50 and upwards.

The serving of liquor to minors is not new in Arlington Heights. There is no doubt that more than one tavern has flaunted the law in this regard. The local police announced some time ago that the minor who did the purchasing was a guilty as the bartender. This is the first time that real action has occurred in Arlington Heights. We agree with one of the boys that in accordance with our custom, his name would be omitted.

Subsequently, when we were asked to go light on the story, we realized that we would be failing in our responsibility as a newspaper pledged to uphold and support all measures taken to rid the community of an evil, if we only published half a story.

The police, the judge and the mayor had done their part. It was now up to the newspaper. The whole story for the good of the community, as a lesson to other tavern keepers, and the minors in the area, had to be published. A letter was mailed before the issue of the paper hit the streets advising the minor why we could not keep our promise.

The incident brought about counter charges that many taverns are opening on Sunday morning prior to 12 o'clock. We wouldn't know and as State's Attorney Gutkencht says, "We are not police officers." Our attention has been called to a sign that graced one of the classrooms at Northwestern university school of Journalism several years ago, which read, "The wages of sin is publicity."

If we accept that statement, just how far should a newspaper go in assuming the judge's robe?

The attorneys of Chicago and Illinois are backing a bill in the state legislature that would permit a vote on an amendment to the state constitution in 1954 that would take politics out of our judicial system.

Politicians and the members of the bar are in agreement in the need for a reform, but the politicians want to retain a hand in the selection of the judges.

The petitions favoring the "bar" provision are being circulated in Arlington Heights and other areas. We hope that there will be sufficient signatures to influence the members of the legislature to vote for the bill that goes all the way to remove politics from our courts.

•

Those new members on Arlington Heights village board are like a minister's son. So many promises have been made in their behalf that they can do nothing else than walk the straight and narrow municipal path. It may be hard doing at times, as they have been warned by their supporters that they must be good little boys, or else.

•

We hope that no voter in Arlington Heights high school district will omit reading the letter of Kenneth E. Dougan, which appears in this week's Fence Post.

He presents some convincing reasons why the purchase of those 60 acres should be approved by the voters and we agree with him.

This high school district is the largest in area in Cook county and possibly the state. The present high school plant is at its very edge. Population growth has been to the east and the high school service should follow it, for the same reason that the people of Arlington Heights School District No. 25 have approved school buildings in five locations and with a sixth on the way.

Mt. Prospect has three school plants. Within the Arlington high school district, there are a total of 14 elementary school plants whose graduates move on to the high school.

Yes, there are Chicago high schools with 4,000 pupils. There are also Chicago residential areas with over a hundred families in one block. We just do not live that way out here.

Acquisition of additional property for the Arlington Heights plant would cost a whole lot more than that farm land. We do not favor production line education.

Next week's column will be by "transcription." This editor is going to take a May vacation. Verne Hagenbring, Arlington Heights business man, brought back such glowing stories of the Caribbean, we have decided to find out if they are true.

Regarding the two subsequent weeks, we do not know if we will do like a certain Chicago Colonel, the details of whose trips about the world appear in print in his newspaper.

They tell us that it takes a smart man to keep out of the clutches of the shopkeepers in ports along the Caribbean which we expect to visit. We do not know if we are that smart.

There will be 25 editors in our party, and we have agreed that we will keep away from South American countries that put editors in jail.

New Village Officials Sworn Into Office By Judge Neumann

The mayor, village clerk, and three new trustees elected April 21 were sworn into office Tuesday night by Judge William Neumann, at the Arlington Heights village hall.

Those taking the oath of office were Albert W. Goedke, mayor; Carl Weinrich, village clerk; Robert B. Bishop, Charles C. Rehfeldt and Richard L. Bronwell, trustees. Trustees William Luehring, Edward Carlisle and David Zimmerman, present incumbents, complete the board.

The old board held a brief meeting to clear up a few details prior to the new officers taking over. Mayor Albert W. Goedke thanked the retiring members for the service they rendered the public while in office and wished them good luck in the future.

* * *

TRUSTEE WILLIAM Gerbosi said, "I have enjoyed my brief tenure of office. It has given me a real opportunity to become acquainted with village government, and I believe more men should find some way to work in their city's government and thus get a better understanding of its operation."

He further stated he enjoyed his association with the board and he wished success to the new members who have indicated their devotion to free American government. Trustee Gerbosi was appointed to the board in January to fill the vacancy created when Trustee Harry Robinson resigned.

Trustee Walter Karstens briefly commented that his five years as a trustee "have been very educational."

Village Clerk Forrest F. Davis, who served in that capacity 12 years, except for two years spent in the navy, said, "I enjoyed my work and it has been very enlightening. I wish all the new members luck in their jobs."

Trustee Ralph Hoffie, who is retiring after six years on the board, was not present at the meeting.

* * *

A SHORT RECESS followed the adjournment of the old board and the new members were then sworn in. The meeting was called to order and appointments of department and committee heads were made. A complete listing will be published next week.

Sullivan Construction company sought permission to erect a field office and tool shed at Euclid ave. and Wilke rd. The matter was held over until Friday, when an adjourned meeting of the board will be held.

Mayor Goedke thanked all voters who went to the polls April 1, to cast the most votes ever tallied in a village election. He asked the new board to work together for the benefit of "good old Arlington."

Trustee Bronwell thanked all the voters who helped get the Arlington Home Party elected, and said they would try to fulfill their jobs as the people would want them to.

Trustee Bishop said, "I knew I would get $20 a month as a trustee, but I didn't know I'd get a gold star too." (All officials are given a gold star as a symbol of their position when they take office.)

He said he was glad the election was over, and when he realized he was one of the elected he knew his work was just beginning. "My party has pledged to do their best," said Bishop. "We hold no grudges and I will do all I can to promote things for the best interest of Arlington Heights."

* * *

TRUSTEE REHFELDT wished to thank friends and neighbors who helped make the election of his party possible. "We have pledged to do what is right for the good of the community as a whole. We will need your help as citizens and invite you to offer your criticism and suggestions."

Village Clerk Weinrich remarked, "We have been given a serious job by the voters. We want to do, and will do to the best of our ability, what our platform said we would. I humbly accept this high office and I assure you that with this fine board and the wonderful citizens of Arlington Heights we will do a good job for you."

Trustee Edward Carlisle, present incumbent, promised that as long as the new trustees have agreed to work for the good of Arlington they would all have his support, even though he "supported the defeated party."

Trustee Luehring, another incumbent, promised 100 per cent cooperation with the new members.

The sixth trustee, David Zimmerman, was out of town and unable to attend the meeting. The hall was well filled with spectators who came to see the new officials taking their oath of office

Offer Reduced Insurance Rates To High School Trained Auto Drivers

A representative of a well known insurance company spent some time in Arlington Heights last week checking on the driving course given by the Arlington Heights high school. As a result his company will grant discounts on insurance premiums where the youthful members of the family are so trained. The amount of the discount will depend upon the extent of the training received. It applies to bodily injury and property damage liability.

The high accident toll of drivers under age of 25 have made it necessary for most insurance companies to change them or their parents high rates. In 1951 drivers under 21 were involved in 25% of the fatal accidents.

Investigation has shown that accidents double among youths without drivers' training.

One Stop Realty Service At VanDuesen Office Block

With the renting of the last of available office space to Suburban Builders, Ruth VanDuesen has provided what she calls a "one stop" service for home seekers.

Mrs. VanDuesen purchased the brick residence at the foot of Davis and Campbell st. a number of years ago. The purchase was primarily to allow her space to branch out in her hobby, "antiques."

She became interested in the sale of real estate and after serving what might be called apprenticeships with a Des Plaines and Prospect Heights firm, she opened her own realty office at its present address.

There is a lot of space in that old residence and office space is scarce in Arlington. Recently the insurance broker, Vic Beisler, secured Office No. 2. As announced in a recent issue of this paper Attorney Harvey Adams has done likewise and wno, Eino Seppala and Geo. Ogle, are operating under the firm name of Suburban Builders who are engaged in extensive building operations hereabouts have also establishd their hadquarters in the building.

As Mrs. VanDuesen says, "We can sell the homseeker a completed home, or a lot on which to build and without leaving the building, contracts can be obtained to erect the house of their dreams; we have an attorney to handle the legal aspects of the matter and an insurance agency who cannot only issue insurance policies on homes, but also for health, hospital and life."

Search for Driver Who Hit Boy on Bike

A 10 year old Arlington Heights boy was struck while riding his bike by a hit and run driver at approximately 3:44 p.m. Tuesday.

The lad, Frank Siebold of 111 S. Dryden, was not seriously injured and was taken to his home by police. His mother said she would take him to the doctor and have him checked over.

An eye witness said the auto that struck the boy was a black Kaiser and the first four numbers of a seven number license plate were 1944. The auto was headed north on State rd. and struck the boy, who was headed south on State rd., as he turned west on the Northwest hwy. It is believed that the right side of the car might have some red paint from the bike on it.

Andrew Kappler, 16, of Palatine, collided with a Harvel Motor Coach bus at N. Vail ave. and Elm st., Arlington Heights, Tuesday noon. Kappler failed to see the bus headed north on Vail and crashed into its side. Kappler was traveling east on Elm.

The driver of the bus, J. Lawrence Gloss, 42, who resides at the Arlington airport, was given a ticket for not being licensed to operate a bus. No injuries resulted but damage to Kappler's car amounted to approximately $300.

Three local youths escaped serious injury Sunday when the car in which they were riding went out of control and rolled into a swamp at routes 59 and 62. The car, a 1952 convertible, was virtually demolished.

The occupants were Robert Fiene, 25, Arlington Heights, driver of the car, Helmar Adam, Arlington Heights, and William Maloney, 24, of Mount Prospect.

It Happened Here . . .

They were just two workers, one an employee of Illinois Bell Telephone company, the other a carpentry maintenance man at 29 E. Madison st., Chicago, and neither had ever met before. They were chatting for a few minutes during a rest period and commenting on the rainy weather.

"If you think this weather is bad you should have been in the Aleutian Islands with me during World War II," said the carpenter. "We really had what you could call 'weather' up there."

Hearing the Aleutians mentioned the telephone man became interested, as that was where he had been stationed too during the war. So he asked a few questions to draw the man out about his experiences in the islands.

During the course of the conversation the carpenter remarked, "You know some friend of mine sent a clipping to me while I was up there asking me to look up some men from her area who were stationed there. One man, in particular, I never was able to find because by the time I got to call at his barracks I learned his plane had been shot down over the Kuril Island and that he and his crew had been interned in Russia."

"Where was this fellow from?" asked the telephone man.

"From Arlington Heights," replied the carpenter.

"Do you remember his name?" queried the other.

"Yes, I think it was Folkman," said the carpenter.

"Well, you've finally found him, you're looking at him right now," said the telephone man. "I'm Vance Folkman and all those things happened to me. I was interned 90 days and when I got back to the States I told a lot about the Russians that has come true today, but not many would believe my tales in 1945."

The carpenter was Walter Nummer of Maywood and he had been sent the clipping by a woman from Bensenville, who had cut it out of one of the "With Uncle Sam" columns in this paper.

Vance and his wife and three children now live on Meyer rd., just north of Rte. 58 in Elk Grove township.

HIGH SCHOOL SITE ELECTION IS SATURDAY

Amputee from Korea On Way to Mt. Prospect

Pfc. Charles A. Ruckoldt, brother of Mrs. William Metz, Mount Prospect, is expected home this week from Korea. He was one of the men who fought in the battle on Vegas Hill March 27, and as a result of injuries suffered in the fight he had to have his right leg amputated.

Ruckoldt, 20, enlisted in the Marine corps in September, 1950, and has been in Korea since January 22 of this year. He attended Barrington high school, and when his mother died he came to live with his sister in Mount Prospect, where he resided approximately three years before entering service.

His sister is employed at the Waffle Shop in Mount Prospect.

Lindstrom Denies New Activity In Shopping Center Plans

A Chicago building trades magazine which lists projects on which bids are being taken includes in its April 23 issue the Lindstrom $2,000,000 shopping center on South State road, Arlington Heights. Mr. Lindstrom told a reporter this week that in place of awaiting action of the zoning board, as stated in the story, he was awaiting the decision of the courts.

Sports Carnival At High School May 15

A "different" sort of sports program is being offered by the physical education department of Arlington Heights high school Friday, May 15, at 8 p. m. in the new gymnasium.

Full details of the program are presented in the sport pages of this paper.

Mount Prospect Man Despondent, Shoots Self

Thomas Edwards, 49, of 906 Prospect ave., Mount Prospect, died Friday morning at St. Francis hospital as result of a self-inflicted shot gun wound. Edwards, despondent since a highway accident a month ago, fired a charge from a 12 gauge shot gun into his stomach April 29.

A coroner's jury under Deputy County Coroner Robert Daniels, rendered a verdict of death by suicide.

Edwards leaves his wife and four children.

Collect $3,200 In Cancer Drive; Report Incomplete

George Glow, chairman of the Arlington Heights Cancer Crusade reported a successful drive, with $3,200 being reported collected to date. There are still funds outstanding and a complete report will be made at a later date.

The American Cancer Society thanks everyone who contributed and all who helped collect the funds.

ATTORNEY HARVEY ADAMS OPENS ARLINGTON OFFICE

Attorney Harvey Adams has decided that he could give better service to his clients in the Arlington Heights area by opening an office in his home town. He has therefore rented an office suite at 11 S. State rd., Arlington Heights.

At present his hours there will be on Tuesday, Thursday and Saturdays, from 9 a.m. to 5 p.m. His office phone is CL 3-4436 or he can be reached at his residence evenings, CL 3-0207.

Judge Desort Orders Sheriff To 'Lay Off' Rural Taverns

A suit seeking an injunction to prevent Sheriff J. E. Babb from closing taverns in the unincorporated areas of Cook county at 1 a. m. on weekdays and 2 a. m. on Sundays has been filed in Superior court.

Judge Desort has ordered the sheriff not to close taverns in unincorporated areas until after the injunction hearing is completed.

Taverns claim there is no provision in state law saying when taverns should close. Also that some of the taverns operate bowling alleys and restaurants.

In addition to the injunction, the suit asks that two sections of the state Liquor Control Act be declared unconstitutional and that the county board resolution setting liquor sale hours be held void.

Minstrel Show Cast Awaits Volunteers

The Arlington Heights Chamber of Commerce are sponsoring a Minstrel Show at the Arlington Heights township high school Thursday and Fridays evenings, June 17 and 18.

Most of the cast will be composed of men and women from Arlington Heights. Anyone who can sing, dance or what not, is invited to attend the first rehearsal to be held at the Arlington Heights high school gymnasium at 7:30 p. m. Friday, May 8.

Seek Closing Two Trailer Camps

Suits seeking to close three trailer camps in north Cook county because of inadequate bathing and toilet facilities, were filed last week in Circuit court. The suits were filed by the states attorney's office upon the requst of John B Hall, chief medical officer of Cook county.

Named as defendants are the Forest Park Trailer Park, Algonquin rd. and Touhy ave., Maine township, which has 285 trailers, Tony Marino, operator of the Sunset Trailer camp, 2450 Waukegan rd., Northfield township, in which there are 58 trailers, and Deer Park Trailer Court on Milwaukee ave. and Dempster.

In addition to closing the camps permanently, the suit asks that a temporary injunction be issued to keep the camps closed while the cases are pending in court. The suits allege that both camps violated a section of the county tourist camp operating ordinance which deals with providing adequate sewer and water facilities to persons living in the camps.

Circulate Petitions For Amendment

James L. Palmer, president of Marshall Field and Co. and chairman of the citizens committee for the judicial amendment, announced Rolland A. Franzen, 819 S. Beverley lane, Arlington Heights, will head the campaign in this area for the judicial amendment to the Illinois constitution, drafted by the Illinois state and Chicago bar associations.

A petition campaign is now underway, and civic groups and public-spirited citizens will conduct a special "Sign up time" petition campaign from May 9 to May 16.

SUMMER ROUND-UP AT ST. PETER SCHOOL MAY 13

The annual summer round-up for kindergarten enrollment at St. Peter Lutheran school, Arlington Heights, will be held May 13. The children are to be registered at the school between the hours of 9 a. m. and 2 p. m.

Success Will Depend Upon The Number Who Go To The Polls

Unexpected opposition has apparently developed to the purchase of the proposed site for a second high school in the Mount Prospect area to serve the students in the eastern part of the district.

Objectors do not apparently question the price to be paid for the land. Some base their objection on a desire to learn more about the plans of the school board. A few think that 4,000 or more students can be handled in the present school plant at Arlington Heights, or an expansion of that plant.

The site purchase may be defeated unless proponents turn out in large numbers. The advantage of future planning has been presented at a number of PTA meetings, the members of which have been asked to help get out the vote.

The present action of the board is not "snap judgment." Three months ago announcement was made that educational authorities of Illinois university had been asked to conduct a site survey and make a study of future enrollment and planning that should be done in 1953 to be able to better meet the problems of 1958 and 1960.

Announcement was made two months ago that it was the joint opinion of school men that a second school building was the answer. The first thought was that a start be made with a feeder high school for the Mount Prospect area. After a further study it was found that a feeder school would be unwise and the board turned its attention to plans for a regular four year high school comparative to the one at Arlington Heights, with the exception of the large gymnasium, which could be used for both schools.

Nothing more could be done until a definite site could be selected. Some of the suggested sites were too costly, one of which was in the northern part of the village of Mount Prospect, which in turn was found to be excessive in cost. Finally a site directly joining that village was selected. Announcement of that fact was made in a streamer headline published in the Herald April 9. It is this site on which the people of the district will have the opportunity to cast their vote Saturday.

Considerable space has been used in Paddock Publications in an effort to acquaint the public with enrollment problems facing the school. A circular also outlining the situation was mailed last week to almost every home in the school district. "The decision now rests with the voters," says President Laurin.

A committee of Northwestern university educators have been in close touch with the high school plans, as regards additional building facilities and the curriculum. One of these, Dr. J. B. Childress, has this to say about the expansion plans:

"The committee feels that the administration, staff, and citizens of the community should be congratulated on the forward thinking they are doing. It is commendable when efforts are put into planning for a curriculum to go into a school plant before the building is constructed. Many of the suburban school systems have failed to plan adequately for the future. This shortsightedness has made it difficult for these systems to have a program which meets the needs of the community.

"It is our opinion, and that of many other educators, that enrollments should be restricted to not more than 1,500 to 2,000 pupils. In this size school the need for expansion of administrative staffs is reduced. In addition, smaller secondary units which are restricted in enrollment to a maximum of 1,500 to 2,000 have advantages over much larger units in increased rapport with pupils and close faculty-administrative and community relationships.

"Arlington Heights is fortunate in that it is possible for the community to foresee a large increase in enrollment. Furthermore, land is still available for additional sites. Early planning of this type permits continuous evaluation of plant, curriculum, and program needs. Delays in acquiring a site or sites for possible future expansion almost inevitably commits a school system to a one unit school with no maximum enrollment.

"In working with the University of Illinois on site selection, the administration of the High School has been able to locate an area of sufficient size to accommodate the modern secondary school program. If the standards of school building authorities were followed, the existing site of the high school, for its present enrollment of 1,100 to 1,200, should include 30 to 33 acres, as contrasted with the available 19 acres. If facilities were to be expanded to accommodate 2,500 to 3,000 pupils, an additional 25 to 30 acres should be provided. Such increased acreage adjacent to the present site is not available."

Arlington high school students come from eight public elementary schools and three parochial schools, or from a total of 16 school plants. The board has made it clear that pupils from any school will not be separated but will attend the same high school building.

Vote Saturday

Paddock Publications, as a newspaper, attempts to be impartial on controversial matters. However, the editor herewith expresses his personal opinion regarding the importance of the school site election Saturday.

At a spirited election last month the voters overwhelmingly re-elected two members of the school board. That vote was an expression of confidence in their ability to handle and direct the future of the high school.

THESE SAME VOTERS, if they were sincere in their support on April 11, should complete the job by going to the polls Saturday and voting "yes." Otherwise the proposition may be defeated.

A refusal of the voters to approve the expansion plans would be a step backward for the educational system of the high school district—a step which would be regretted in the not far distant future.

None can deny that the purchase of those 60 acres at their present price is a good "buy." Let us get the land. If the voters later decide they do not want a second high school, that land value will still be there.

Voters will receive two ballots. One is for selection of the site; the other authorizes the bond issue.

POLLING PLACES in Arlington Heights are at the high school and village hall. Other polling places are Wheeling school, Prospect Heights school, Mt. Prospect school and Elk Grove school.

In fairness to those who oppose the proposition the attention of readers is directed to a half page advertisement on page seven, also to an interview with President E. F. Laurin, appearing on page three.

Seek Uniform Plan To Collect Delinquent Personal Property Taxes

A plan to create a uniform system of collecting personal property taxes in the townships of Cook county and to bring these tax collections up to date, was announced Monday by States Attorney John Gutenecht.

Gutenecht said that in some of the townships, taxes for 1948 were still being collected and that none of the townships had started collecting 1951 bills. The states attorney said he wrote a letter Monday to all justices of the peace in the county who have been collecting taxes asking them to attend a meeting May 5 at 4 p. m. in his office.

Only the JPs who make a sincere effort to collect all the back taxes and who show a desire to retain their tax collecting jobs will be retained, Gutknecht said. He said he will ask all JPs for an accounting of their collections. He estimated that only 18 of 160 JPs in the county collected taxes.

"Because of this lax situation, the poor taxpayer very seldom knows what is going on," Gutkncht said. "It is hard to tell how much has been paid when you gt a 1952 tax bill one day and a summons for failure to pay a 1948 bill the next."

Check Forger Reported In Arlington Heights

The Arlington Heights Chamber of Commerce have received information that forged checks are again in circulation in this town. In some cases the forger makes a purchase which is less than the amount of the check and receives the difference in cash. "Be on guard to prevent being taken for a loss," says Secretary N. F. Hauff.

Open House Thursday, Friday At Arlington National Bank

In observance of "Illinois 'Know Your Bank Week" president Arthur Franzen, the officers and staff of the Arlington Heights National Bank are opening their doors Thursday and Friday evenings, May 7 and 8, from 7 to 9 p. m. The general public is invited to call and get acquainted with the mechanics of banking.

Customers will be invited to walk behind the counters, inspect the mechanical machines — and there are many of them — and to greet the bank staff of which there are 18 full time employees and eight part time. Refreshments will be served on the second floor.

Residents of Arlington Heights and the surrounding area have more than nine million dollars on deposit with the bank. The investment of the stockholders in the bank approaches another half million. This means the bank, which is only 15 years old, is approaching a $10,000,000 institution.

The bank opened in 1937. At the close of business December 31 of this year, deposits were less than a third of a million. Three years later, 1940, deposits had tripled to nearly one million dollars; three years later, 1944, it had again tripled to 3 million; in 1947 it had passed the five million mark and those deposits, which reflect confidence in the bank and its officers, increased two million dollars each succeeding three year period until today it is $9,163,273.

Friday evening was the twenty-eighth annual "Shi-ai Sing," a contest in which the girls from the sorority houses participate and which was won this year by the Pi Phi's. Mrs. Ryden and Mrs. Cox also attended the sorority's annual banquet Saturday evening.

Donald Currier was a house guest for the week end at the home of his brother and family, Mr. and Mrs. Dean Currier.

Mrs. Dean Currier was the guest of Mrs. Robert Rhead Tuesday at the spring party of the Hinsdale Altar and Rosary Society, which sponsored a luncheon and fashion show at the O'Henry ballroom.

EASTWOOD EVENTS

Community Party

A "real, real nice affair" was hostessed by the wives of the Eastwood Community association officers and directors. It was given Tuesday night at the field house as a welcoming party for the incoming officers and directors who will serve for the coming year. Bridge, canasta, and pinochle were played, and entertainment was furnished by Dale and Dickie Nickelsen. Hosts and hostesses included Mr. and Mrs. Matt Cockrell, Mr. and Mrs. Bill McCosh, Mr. and Mrs. Hank Wallace, Mr. and Mrs. John Sailor, Mr. and Mrs. Bill Weissmueller, Mr. and Mrs. Charles Barrett, Mr. and Mrs. Chuck Bennett, Mr. and Mrs. Norm Hoym and Mr. and Mrs. Jack Hull.

Sympathy

Sincere sympathy is extended to Mr. and Mrs. Jack Guilfoil on the sudden death Sunday night of Mr. Guilfoil's father, Dwight D. Guilfoil Sr. Rites for Mr. Guilfoil were held Wednesday morning at St. Ita's church, Chicago, with burial in All Saints cemetery.

Mrs. Walter Uhlhorn, Dryden pl., was among the theatre goers attending the opening night performance of Betty Hutton's all-star show Monday night at the Shubert theatre.

At St. James church May 10, Mother's day, many of the little children of Arlington Heights will receive their first holy communion. Among those receiving from Eastwood will be Jimmy Link, Gary McCosh and Raymond John Orgler. All the little boys will have parties given in their honor by their parents. The Links will entertain family and friends for dinner at home. Gary McCosh's grandfather, Leonar Kurrus, is coming from St. Louis for the occasion. Mr. and Mrs. Orgler are entertaining 23 cousins and 26 adults at dinner at their home.

Return Home

Mr. and Mrs. Sig Hollinger have just returned from a delightful 3 week vacation at Sundown Ranch, Scottsdale, Ariz. To conserve time for golfing, swimming and horse back riding, they flew both ways via TWA constellation. The Hollingers made many side trips sightseeing Mexico and the country surrounding Scottsdale.

Arlington Dentist Recalled To Service

Dr. Harrie Hall, Arlington Heights dentist, has been called back into the service and will leave Friday for Japan.

Sidelights of Arlington Heights

Attend Inauguration

When word reached Bolder, Colo., that Carl Weinrich had been elected village clerk of Arlington Heights, his brother, Arthur, and his wife decided to be on hand for the inauguration, which occurred Tuesday evening. Their son, Ralph, is in the Boulder high school. Richard, the older son, is stationed at Rantoul, which was an added reason for spending two weeks visiting the old home town.

Visit University

Mr. and Mrs. R. G. Clarbour were week end guests at the Mothers' day program at the University of Illinois at Champaign, where their son, Burt, is a student. Burt's roommate is also his fraternity brother, and the boys went through grade and high school together.

Visit Here

Mr. and Mrs. N. P. Hawkins have as their guest for a few weeks Mr. Hawkins' mother, Mrs. C. R. Hawkins of Minneapolis, Kans.

Marvin Berschet, son of Mr. and Mrs. Walter Berschet, is visiting his parents for a few days while on his way to Cheyenne, Wyo., where he will attend maintenance school.

Mr. and Mrs. Robert Behrens have as their guest for the past few weeks Mrs. Behrens' mother, Mrs. Roy Hamlin of Bona Parde, Iowa.

Mr. and Mrs. Charles Berry had as their week end guest Mrs. Berry's parents, Mr. and Mrs. J. Paus of Chicago.

Mr. and Mrs. Miner McEuen of Downers Grove visited Heights relatives Tuesday. They combined business with pleasure.

Visit Away

Mr. and Mrs. Robert Weiland visited their son, Robert, at Great Lakes Naval Training Station Sunday. Miss Dianne Schuetz accompanied them.

Mr. and Mrs. William Schroeder and daughter, Judy, are spending several days at Biloxi, Miss., visiting their son, Kenneth, who is in the air corps.

Mrs. Fred Utterback is visiting her daughter and son-in-law, Mr. and Mrs. Don Benson, in Cedar Falls, Iowa. Their new baby daughter will be christened Mothers' day.

Mr. and Mrs. George Orth went to Milwaukee Sunday where they visited Mrs. Orth's father and sister and Mr. Orth's aunt. Mr. Orth's brother and wife, Mr. and Mrs. Ralph Orth, accompanied them.

Miss Laura McElhose returned Saturday from a two week visit with her niece and family, Mr. and Mrs. Middleton, in Chesterton, Ind.

Attend Convention

Mrs. Howard Froyd returned home Saturday from the Parent Teacher Association convention in Peoria.

Return Home

Mrs. Charles Roeske returned to her home after recuperating from her recent operation at the home of her son.

Mr. and Mrs. Lowell Plant and daughter, Valerie, have returned from their vacation during which they visited Mr. Plant's relatives in Mountain Home, Ark., and friends in Gravois Mills, Mo., Mason City, Ill., and Biggsville, Ill.

Entertain

Mr. and Mrs. George Mitsch had as their Saturday evening guests Mr. and Mrs. Frank Hains of Skokie.

Mrs. George Peter entertained her pinochle club Tuesday afternoon at luncheon and cards.

Mrs. Birger Dahl was hostess to the Corephilia Society at the manse of the First Methodist church Monday evening. After the short business meeting Mrs. Mildred Walton of Park Ridge gave a book review of the "Silver Chalice" which was enjoyed by the 24 members and guests present.

Attend Baptism

Mr. and Mrs. George Mitsch and family attended the christening of a friend in Chicago Sunday.

Celebrate Birthday

Mrs. William Lackner's sisters helped her celebrate her birthday Friday at a dinner.

Attend Anniversary

Mr. and Mrs. Chester Zimmerman and sons, Kurt and Keith, spent the week end in Sister Lakes, Mich., where they attended the fiftieth wedding anniversary celebration of Mrs. Zimmerman's parents, Mr. and Mrs. Adolph Monten. Mrs. Zimmerman's aunt, Mrs. John Shields of Fontana, Calif., visited her here for several days and then went to Sister Lakes for the anniversary of her sister.

Vacationers

Mrs. Marvin Prellberg and son, Ronnie, Mrs. Prellberg's mother and Mr. Prellberg's mother and Mrs. Jack Everett enjoyed a trip to Lakeland, Fla., recently. They visited the Guy Baxters and Mrs. Amy Brown.

Mrs. Harold Cheney and daughter, Kay, took a trip to Atlanta, Ga., to visit her father.

Miss Gertrude Dahm spent her spring vacation with friends in Tyler, Texas.

Bridal Showers

Mrs. Robert Weiland attended the bridal shower of her niece, Miss Marilyn Weiland of Evanston.

Mrs. Charles J. Kelly and Mrs. Joseph Wisersky were hostesses April 29 at a surprise bridal shower in honor of Miss Gloria Jorgensen. The shower was held at the home of Mrs. Kelly. Miss Jorgenson will become the bride of John Lazor June 13 at St. James church at 10 a. m.

House Warming

Members of the Lucky Seven club and their husbands gave a house warming party in honor of Mr. and Mrs. Robert Peterson who moved into their new home on W. Euclid ave. recently.

Guests

Mrs. Irene Murphy, ninth district director, and Mrs. Mary Anthony, ninth district sergeant-at-arms, were guests of Merle Guild Unit of the American Legion Auxiliary at their regular meeting Tuesday.

Move

Mrs. Alex Stonefield moved into her new home at 402 N. Main st., Mt. Prospect, over the week end. She had lived in Arlington Heights for many years.

New Residents

Mr. and Mrs. Larry Fenlon have moved to 430 S. Dunton ave. from Edison Park. Mr. Fenlon is an attorney for the Sanitary District. Past commander of Logan Square Post, American Legion, past commander of the ninth district, past commander of Cook county, and a past commander of the Department of Illinois, he is now running for national commander. Mr. Fenlon is one of the nine men who wrote the "Bill of Rights" and is well versed in all phases of the American Legion program. He has also represented the American Legion in Washington. Mr. and Mrs. Fenlon have ten children living, six of whom are home now. One daughter is a nun, and the youngest child, a son, will enter fourth grade. Another son is with the army in France.

Recuperating

Mrs. Edwin Pfingsten is home from Sherman hospital, Elgin, where she was confined for two months. She wishes to thank her friends who remembered her with cards, flowers and visits during her stay in the hospital.

Sympathy

Sincere sympathy is extended to Mrs. Ronald Ehrke whose mother died recently.

Sympathy is extended to Mr. and Mrs. Charles Perrin. Mrs. Perin's father died March 24 in Deadwood, S. D.

Sincere sympathy is extended to Dwight Guilfoil Jr. whose father died suddenly last week.

At Insurance School

Mr. Harold T. Voigt, 707 S. Hi Lusi ave., Mount Prospect, attended an agents' training school at the home office of Lutheran Mutual Life insurance company, Waverly, Iowa, April 20-25.

Mr. Voigt was chosen from many new agents for attendance at this school on the basis of the promise he has shown as a career underwriter to date.

The course of study was designed to further Mr. Voigt's knowledge of life insurance and to enable him to better serve his clientele.

'The Brave Flag' To End American Trail Series

"The Brave Flag" is the topic of the final American Trail FM radio series sponsored for the past 13 weeks by the Ladies Veterans of Foreign Wars auxiliary, with the Arlington Heights VFW auxiliary cooperating.

The program is heard each Tuesday from 10:45 to 11 a. m., over station WBEZ-FM. Those who miss the Tuesday program may hear a rebroadcast of it on Saturday, at the same hour.

In the last chapter the "voice" of George Washington echoes through the brief history of the United States as the Constitution is still intact, merely broadened in its interpretations to meet conditions of the age of no conception. There are still forces that would destroy the Constitution and the freedoms it guarantees. But millions of people around the world look to the United States to keep those freedoms alive. The story tells something of the responsibilities the nation faces as world leader.

Eastwood Association Elects New Officers

Jack Anderson, Lincoln lane, Arlington Heights, was elected president of the Eastwood Community association Tuesday evening at a meeting held in the field house.

Elected to serve with Mr. Anderson as officers are: Jack Thompson, vice president; Dorothy Raasch, secretary; and Elna Nickelsen, treasurer.

These four officers automatically become members of the association's board of directors. Other directors elected to the board include: Henry Wallace, William Kaspar, William Weismueller, Marion Thompson, Jack Hull and Matthew Cockrell.

All new officers and board members were honored after the meeting at a card party buffet planned and prepared by the wives of the out-going officers and directors.

Hostesses for the party were Mesdames Matt Cockrell, Jack Hull, William McCosh, John Sailor, Henry Wallace, Charles Barrett, Norman Hoym, William Weissmueller, and Chuck Bennett.

Tuesday evening's meeting was the final meeting of the spring season for the Eastwood group. While the board of directors will meet periodically during the summer months to transact association business and plan for the coming season, the next regular meeting of the association will not be held until September.

Junior Safety Council Marks Safety Hazards

The Arlington Heights Junior Safety Council held its bi-weekly meeting April 24, and took action to alleviate several safety hazards.

One of these actions was a motion to send a letter of recommendation to the Arlington Heights Park District in regard to the condition of the slide contained in the small south side park bordered by Highland, South Vail, and Grove. The top of the slide has been ripped off by vandals.

Another plan of the J.S.C. was to have slip-proof tape put on the stairs in the high school which do not at present have the tape. It was also recommended that the same be placed on the stairs of St. Peters Lutheran school.

The members, after much discussion, decided to recommend that Vail be made a one way street, going north, from Sigwalt to Campbell. It is believed that this would relieve some of the traffic congestion in the shopping district.

An interesting suggestion made by the council was to have a stop sign put up at State rd., and the C&NW tracks, on the south side of the tracks, which would read, "Stop on red light."

The council is going to have another meeting Thursday, May 7, in the village hall. At this meeting a representative of the local police department will speak to the group about some problems which confront the village. The police department is also going to present interesting and useful statistics at this meeting.

St. John Episcopal Church Takes First Step To Become Parish

Recently the members of St. John Episcopal church, Mount Prospect, met to elect a vestry. This was the first step towards becoming a parish, as St. John's has had a mission status.

The vestry elected are residents of Arlington Heights, Mount Prospect, and Prospect Heights. They are as follows: Rolland E. Gerrard, senior warden; J. Herbert Haynsworth, junior warden; elected to serve a three year term: David E. Ewalt, Joseph Kucho, Ralph E. Mabbs and Robert E. Rohner; two year term: John A. Beverley, Col. Rohland A. Isker, William B. Stevenson, and F. Walter Weiser; one year term: George H. Adams, Richard E. Lambert, Arthur E. Olson, and Curtiss A. Parsons.

May 4, the vestry attended the annual pre-convention service at St. James Episcopal church of Chicago. Evensong was sung by the chorus from Seabury Western, Diocesean Seminary. Everyone had the opportunity to hear Rev. Dean Pike, of the Cathedral of St. John the Divine, New York.

At the annual Episcopal convention May 5, St. John Episcopal church of Mount Prospect, was received into the diocese with full parochial status. Rev. Thomas K. Chaffee, who has served as priest-in-charge for nearly four years will now be the rector of St. John's.

The vestry invited 20 men who had recently been confirmed to join them at the Normandy House of Chicago for dinner and attend the pre-convention service. This gave everyone an excellent opportunity to become acquainted and familiarize the new members with the business part of the church.

The latest report of the building committee states that it will be near the end of June before breaking ground for the new church can begin. (AM

MAGNIFIED CROSS-SECTION SHOWS SELF-CLEANING PROCESS

1. All paints collect dust and dirt during the first few months.

2. With Du Pont House Paint, a fine white powder forms after a few months on surfaces exposed to sun and weather.

3. Rains wash off this powder—and with it, much of the accumulated dirt and grime.

4. Self-cleaning leaves surface clean and white . . . keeps it sparkling white for years. This cleaning process is gradual and does not adversely affect the long life of the paint.

DU PONT HOUSE PAINT *cleans itself!*

Your house *stays* clean and bright when it's painted with Du Pont House Paint. Made of specially blended pigments and oils, this unique paint actually *sheds dirt and dust with every heavyrain!* Normally, the "Self-cleaning" starts within a few months. However, excessive soot or heavy shade, or stains from metal surfaces such as copper screening, may interfere with or delay this process. Ask your Du Pont dealer or painter to tell you how the "Self-cleaning" process works in your area.

Keep your home looking beautiful years longer . . . insist on "Self-cleaning" Du Pont House Paint. It's available in Outside White or popular tints. And to insure maximum performance of the finish coat on bare wood or badly weathered paint, start with a coat of Du Pont House Paint Primer.

Board President Gives Details Of Future School Plans

The high school election next Saturday afternoon, to approve purchase of a site for a new high school, has developed several interesting questions being asked by school patrons. A reporter put these questions to E. F. Laurin, president of the high school board of education.

Why doesn't the board of education plan to add an addition to the present building now and wait until that is occupied before acquiring land?

There are a number of factors involved in the decision by the board to acquire a new site, most of which are covered in a letter under date May 1, 1953, from Dr. M. R. Sumption of the University of Illinois who recently conducted a survey of the high school district. This letter is quoted in its entirety:

"In the recent survey which we conducted for the board of education, we recommend the immediate acquisition of an additional site as a first step in your building program. We made this recommendation for the following reasons:

1. The rapid growth of the community is almo t certain to make the acquisition of suitable sites more difficult and more expensive as time goes on.
2. The present high school site, accommodating as it does a present enrollment of 1,200, does not meet the minimum standard for size set by the National Council on Schoolhouse Construction.

'For junior and senior high schools, it is suggested there be provided a minimum site of 10 acres plus an additional acre for each 100 pupils of predicted ultimate maximum enrollment.'

Ref: Guide for Planning School Plants, published by National Council on Schoolhouse Construction, 1949 edition, p. 19.

This means that to meet minimum standards there should be 22 acres in the present site to accommodate the present enrollment.

3. Even if no new homes are built in the school district, the present elementary school population will, when it reaches high school age, more than double the present high school population. This means that additional site area should be acquired and since the cost of expanding the present site would be prohibitive, it is, therefore, mandatory that a new site be acquired.
4. The location of a new site at a distance from the present school would add a great deal to the convenience of the pupil population since it would greatly reduce the amount of travel necessary.
5. Educational authorities are in agreement that a general academic high school of between 1,500 and 2,000 is sufficiently large to embody all the economies and efficiencies, which can be attributed to size. An enrollment which is much larger than 2,000 necessitates a duplication of facilities. Many high schools which have enrollments of 2,500 to 3,500 are not of this size by choice but because of necessity. In other words in densely populated suburban areas it is very difficult to secure sufficient site to meet the needs for additional schools. At the present time the high school district of Cicero, Ill., after long litigation, has secured a new site and is planning to build a second high school in order to reduce the present enrollment in one building and provide additional site area.

Finally, I want to assure you that in our opinion you are following sound educational practice in taking steps to secure the additional site which we recommend.

Cordially yours,
M. R. Sumption, Head
Office of Field Services
University of Illinois
College of Education"

Isn't it true that an addition to the old building will cost far less than starting a new building?

No. Additional classrooms can be had only by one or two wings extending to the south on each side of the present campus. In order to utilize such classrooms, they should be tied in with present first and second floor corridors. The present south front of the building was constructed in 1922 with most of the foundation designed to carry only one story. Architects have informed us that in order to construct classrooms additions which will be an integral part of the whole building the old one story part will have to be torn down, new foundations built, and a two story unit constructed. They have advised us that this process will cost more than an equal portion erected as a brand new building—one factor being the destruction of presently useable first floor space.

If a new high school is built, will some students who went through grade schools together, be separated between the two high schools?

No. We now see no reason why they should be separated.

What is the cost of the proposed new site as compared to the cost of the present site?

Eleven acres of the present site cost $1,000 per acre in 1922. It was low land which required hundreds of loads of fill. An additional ten acres of subdivided land lying to the west of Ridge ave. was acquired by condemnation proceedings in 1946-47 at a cost of $64,000. Therefore, the average cost of the 21 acres is $3,500 per acre. The cost of the proposed new site is $1,100 per acre. It should be understood that savings in transportation will pay for the proposed new site in less than 12 years.

Do you care to add anything more?

Yes. The board of education has given long and extensive consideration to this problem and has procured advice of competent authorities. We believe the first step is the acquirement of an additional site; an excellent site, very fairly priced is now available. We will not attempt to predict what a comparable site will cost in the future—that we will leave to you. We are convinced, however, that the present site is simply not large enough to accommodate future high school students which are presently enrolled in area grade schools. This high school district embraces seven public grade school districts with 13 schools. In addition, there are four parochial grade schools. Since there are no parochial high schools in this area, every child presently in the 17 grade schools is a potential high school student. It is barely conceivable that there will be no new residential building in the area in the near future—and if there were none, the high school enrollment will be much more than can be accommodated with present facilities.

Attends Insurance School In Philadelphia

Clayton E. Mott, 1040 Third ave., Des Plaines, is attending a school conducted by the Provident Mutual Life Insurance company of Philadelphia, May 4 to 9, at its home office in Philadelphia. Mott is a special agent for the company in Chicago.

A member of the Arlington high school faculty last year, Mott is a graduate of Northern Illinois State Teachers college. He has also done graduate work there and at the University of Illinois. During World War II he served in the Pacific Theater with the navy.

Mott is active in both the Chamber of Commerce and the Junior Chamber of Commerce in Des Plaines. He is a member of the Methodist Men's Club, Alpha Phi Omega, and the Villa Homesteaders.

Up And Doing 4-H Club

Members of the Up and Doing 4-H club of Elk Grove met at the home of Miss Judy Moehling April 28.

Laurnell Anderson spoke on silk screening; Lois Landmeier told about braiding rugs; Bonnie Loy spoke on how to be healthy; Ann Nuamaker spoke on points on making pastry. Patty Busse told the group how to put out a fire, and Nancy Reinlie spoke on how to be a good cook.

Deborah Eckling gave a demonstration on making fancy sandwiches, and Nancy Reinlie and Marcella Beigel gave a talk and demonstration on making a fruit punch.

Following adjournment, the girls enjoyed refreshments and recreation.

Sewing Susies 4-H Club

The Sewing Susies 4-H club of Arlington Heights met April 27, and many of the members' mothers were present.

Mrs. Fabian gave a talk. Talks were also given by Doris Rudolph and Irene Aurnhammer. Kay Witter gave a demonstration.

The girls elected Doris Rudolph as their candidate for 4-H queen. The queen will be chosen in August at the annual North Cook County 4-H fair.

After the business meeting, the girls sang songs. Judy Ahmer, the mistress of ceremonies, thanked the mothers for attending the meeting.

Leth Offers Special Service To Interested Paint Users

Today's trend in home painting is to color — more and brighter color on exterior surfaces. Houses with siding finished in warm and rich colors now dot every landscape. Colors are popular, too, for making front doors, shutters and trim a striking contrast to the siding of white houses, says Frank Leth of Arlington Heights. Paint and Glass Store.

The freer use of color for exterior painting makes a community more attractive, and helps each individual home to be distinctively different from its neighbore. By providing contrast, homes with colored siding point up the freshness and charm of white houses in the same vicinity.

Knowing that better products build consumer loyalty, I am featuring durable, colorfast paints. Eighteen distinctive colors are available — for exterior schemes based on colored siding. Included are light shades of yellow, gray and green, plus deeper tones of brown, blue and red.

NOTES

Cubmasters, Scoutmasters, and Explorer Advisors: Since it involves much time and work to compile information for this column, it would be appreciated that if you want any information about your unit printed, it be sent to "Here's Scouting," 421 S. Highland ave., Arlington Heights. This information must be in the Thursday before the desired date of publication.

Camporee Approaching Rapidly

The Blackhawk District Spring Camporee is only one week away. Scouts and explorers throughout the district are readying themselves for this long awaited event, which is to be held at Camp Sokol in Deer Grove.

This camporee is going to be scored by patrols, rather than troops. There will be three different awards given. They are outstanding, good and participating.

May 15 will mark the opening, and it will run until Sunday afternoon, May 17. The Order of the Arrow will have its tapping out ceremony at this affair.

Plant 8,000 Trees

Explorer scouts, boy scouts, their leaders, and executives turned out full force at Camp Napowan for the annual tree planting week-end, May 1, 2, 3.

The boys and men combining efforts, planted 4,000 Jack Pines and 4,000 Norway Pines provided by the Wisconsin Conservation department.

All totaled, there were 93 people present, plus Mr. and Mrs. Joe Miller, caretaker and cook, respectively. Mrs. Miller did an excellent job keeping the boys well filled, as usual. Beside planting the seedlings, the boys also did the following:

Removed partitions in the hospital, as it is going to be the store this year; moved mattresses from the barn to the mess hall; painted the window frames in the mess hall, and built a gateway.

Representing our district were 7 explorers, 3 scouts, and 4 leaders from troop 7. Troop 32 sent 4 explorers, and a leader, 2 boys and a man came from post 136.

County Board Public Service Committee Rejects Kimball Hill

The public service committee of the board of county commissioners Monday overruled a recommendation from the county zoning board of appeals to rezone 537 acres of land in Palatine township just south of the Arlington Park race track and west of Arlington Heights on which Kimball Hill and associates planned to build more than 1,500 homes. The vote was 11 in favor and four opposed with 12 votes needed to uphold the zoning board's recommendation.

The next official meeting of the county board will be held May 19 and the commissioners will vote on the public service committee's recommendation at that time. If 12 or more of the commissioners should vote to rule out the public service committee's recommendation, the builder will be permitted to go ahead with the project.

* * *

BEFORE AN AUDIENCE of more than 100 persons, the majority of whom were prospective home owners in the Rolling Meadows project, President William N. Erickson and Commissioners William Busse, George A. Miller and Elizabeth A. Conkey voted against the new community.

Erickson told reporters later that he cast a nay vote because he felt that a community of this size was too large for an adjacent community to absorb and that children of home owners in the new community could not expect a school for at least two or three years if at all.

A letter from Kimball Hill and a report from the Federal Housing Authority was read to the commissioners before the vote was taken. The builders said they planned to set aside $200 for each house sold for the purpose of building a new school but they planned to take no action on constructing the school until 250 homes had been sold.

Photostats of FHA requirements which include the building of a sanitary sewer disposal plant, water supply system, streets, curbs, sidewalks, and sewer and water mains by the builder, were attached to the Kimball Hill letter. The builders pointed out that FHA does not require the builder to construct schools. Kimball Hill said they would furnish a list of the number of children of school age to the Palatine school district and agreed to discuss plans for a new school next spring if the project was approved.

* * *

WALTER T. POPJOY, secretary of the zoning board of appeals, read a letter from Kimball Hill in which the builders withdrew their original request for a variation of the size of individual lots from 10,000 to 7,500 square feet. Popjoy also read a letter from the zoning board to the county board stating that the zoning board had accepted Kimball Hill's withdrawal of the variation.

Commissioners John J. Duffy, John Mackler, James F. Ashenden and John J. Touhy spoke briefly in favor of upholding the zoning board before the vote was held. Mackler, who resides in Chicago Heights, pointed out that Park Forest had a similar problem with schools but the village licked the problem and now 20,000 persons live there.

Kiwanis To Bring Circus To Town

The three-ring Hagen Brothers circus is coming to Arlington Heights June 1, with its acres of tents, scores of performers and intriguing animals. It is being sponsored by the Kiwanis club.

"Though this isn't the biggest circus in the world," said Dr. Leland Linn, Kiwanis president, "it is one of the best."

BEFORE COMING to Arlington they will perform at the Great Lakes Naval Training Center, to entertain the hundreds of sailors stationed there. Ten acres of land on Foundry rd., near Northwest highway and Hickory st. have been set aside to pitch the circus tents.

There will be two performances during the one day stand. Tickets, including tax, are 60 cents for children and $1.30 for adults. Reserved seats are 60 cents extra. They may be purchased in various business houses in Arlington Heights or from any Kiwanis member.

Day Camp Registration

Registrations for girl scout day camp are being taken now, and since there is a limit to the number of girls who can be accommodated, registrations will be accepted in the order in which they are received.

All registrations must be mailed to the Girl Scout Council of Northwest Cook county, 38 N. Broadway, Des Plaines, by June 1.

Registration blanks will be found in the folders which the leaders will distribute to the girls. All information is given concerning the camp.

Day camp brings outdoor living to the girls, and there are programs provided for the brownies, intermediates and senior scouts. Camp will be held at Camp Pine and also at the Girl Scout House in Des Plaines between June 16 and August 21.

Bus transportation will be provided for the girls, and the camp will start at 9:45 a.m. and will close at 3 p.m. (B4

We're looking forward to seeing you! You, your family and friends are cordially invited to visit "behind the scenes" in your telephone building, 106 W. Eastman Street, Arlington Heights. Come on over! W. C. Lathen, manager; Mary D. O'Malley, chief operator; H. J. Kutchera, wire chief; Iris Arnold, operator; Lois Smith, service representative; and James Berning, senior plant assigner.

What goes on behind these doors?

YOU'RE INVITED TO COME AND SEE

May 12, 13, 14 and 15

This is a warm invitation to all our Arlington Heights friends to visit us at our Open House, Tuesday, May 12, through Friday, May 15. We'll be here to welcome you and show you what we do in a telephone exchange.

You'll see telephone operators putting calls through to nearby and distant communities. You'll see how our "trouble detectives" at the test board track down equipment troubles before they can affect your service. You'll also see special exhibits prepared for your visit and hear how your voice sounds to others. We've arranged a visit which is entertaining and interesting, and we think you'll enjoy it.

Come any of the four days, from 1:00 to 4:30 in the afternoon, or from 6:30 to 9:30 in the evening. The address is 106 W. Eastman Street. Try to come as early in the day as you can so we can have a good visit—and bring the family. We'll be glad to see you!

Still Time To Register For Women's Education Day At High School

More than 100 women had made reservations before last Friday for the Women's Education Day at Arlington Heights high school, Tuesday, Wednesday and Thursday, May 12, 13, and 14.

The program is similar to that of the Education-Business Day of last fall, when business men visited classes and activities of the school.

Lunch is to be served to guests at 12:30, followed by tours of the school which will include classes in business education, shop, modern education, science, mathematics, homemaking, and fine arts. Every visitor will also see the boys' and girls' gym, choral room, library, cafeteria and kitchen. A question and answer period will follow a brief address by superintendent LeRoy J. Knoeppel on modern trends in education.

Women who are interested may make a reservation by calling the high school, Clearbrook 3-0200. The present registration is largely for Wednesday, and the committee would appreciate a greater registration for Tuesday and Thursday. If enough women want to come Monday or Friday, those days will be added to the program.

VOTE —
But THINK Before You Do

On Next Saturday, May 9, We Are Being Asked To Approve The Purchase Of A Site For A New High School.

We Believe In Adequate Facilities For Our High School Students - BUT We Stand OPPOSED To The ARBITRARY Way In Which This Issue Has Been Brought Before The TAXPAYERS.

We Vigorously Object To:

1. The LACK of opportunity for a FREE and OPEN public discussion where legitimate opposition could have a FAIR HEARING
2. The LACK of an ADEQUATE explanation as to why the expansion of PRESENT FACILITIES is not POSSIBLE
3. The FALSE PROPAGANDA that a high school cannot offer good education simply because enrollment exceeds 2,000

We Ask You To Consider That:

1. Many of the nation's finest high schools FAR EXCEED 2,000 students
2. Where public tax money is involved there is an obligation to have a public hearing
3. Original plans to expand present facilities have suddenly been abandoned

VFW Poppy Day May 15

May 15 or 16 a member of the Ladies Auxiliary Veterans of Foreign Wars No. 981, Arlington Heights, or a friend, will approach citizens and ask, "Won't you please buy a Buddy Poppy?"

All over the United States each year the Veterans of Foreign Wars of the U. S. and members of their Ladies Auxiliary, sell Buddy Poppies. Every penny made on the Buddy Poppy sale is use to aid wounded and hospitalized veterans and their dependents.

* * *

THE VETERANS of Foreign Wars National Home in Eaton Rapids, Mich., cares for the homeless wives and children of deceased and disabled Veterans.

Hospitalized veterans in the 48 states, Alaska, Hawaii and the Canal Zone are the special concern of the hundreds of local auxiliaries. Each Auxiliary is assigned to volunteer tasks in nearby hospitals.

In buying a Buddy Poppy, one salutes the veterans of foreign wars, and helps care for the wounded and their families. A part of the VFW constitution reads, "To assist our worthy comrades; to honor the dead by helping the living."

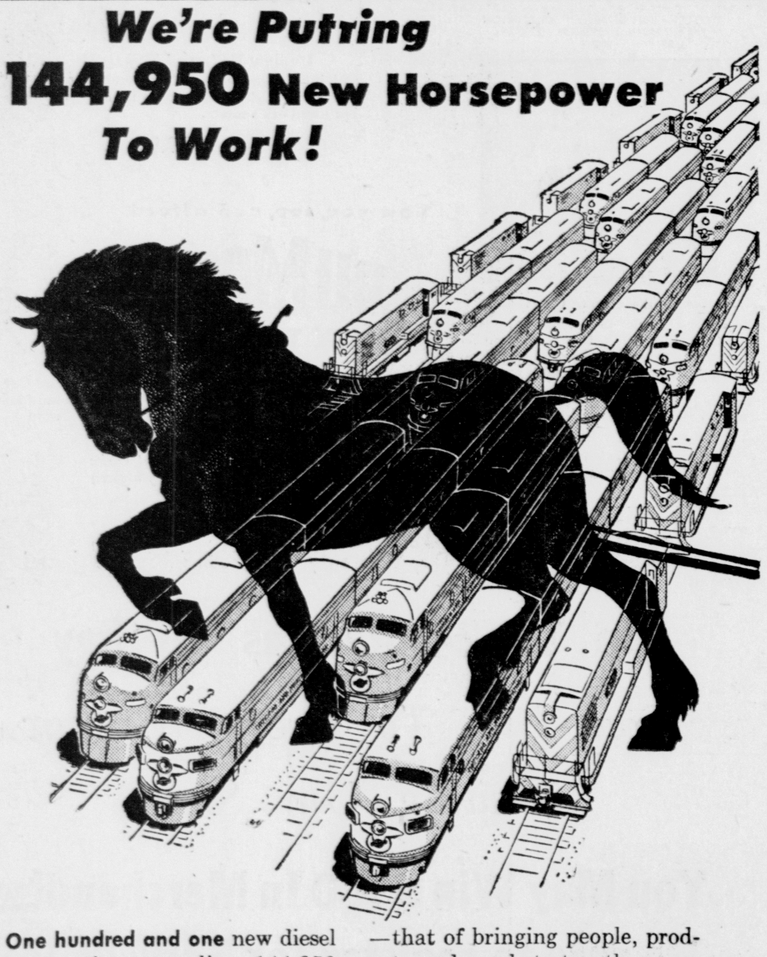
We're Putting 144,950 New Horsepower To Work!



One hundred and one new diesel locomotives, totaling 144,950 horsepower will soon see service along our line and in our yards.

This 16 million dollar addition to our motive power fleet is an important move in our program of progressive railroading, for its effect will be felt throughout the communities in the 9500 miles we serve. It is no secret that modern diesel power moves people and goods faster, safer and more efficiently, thereby improving the basic service that railroads have always provided—that of bringing people, products and markets together.

Modern motive power alone does not make a great railroad, but add to this the many improvements being made daily to our rolling stock, roadbed, terminal and yard facilities, coupled with the efforts of 35,000 trained employees and you come up with a railroad geared for safe, high-speed mass transportation.

Such is the service we sell in nine great midwestern states backed up with 105 years of railroading experience.

Arlington Heights Pharmacy has a complete assortment of Mrs. Steven's candies attractively gift boxed for Mother's day. The two pound tin is priced at $2.50, and the fan box is $1.75 per pound. The Mommy Box, designed especially for her children to give mother, is just 59 cents a half pound. The Pharmacy also features a complete assortment of Whitman's candies especially wrapped for Mother's day and Dorothy Coleman's frozen candies from the kitchens of Fannie May. I've noticed that no matter how often Mother says she's going to stop eating candy and pastry . . . her eyes always light up when she receives her favorite candy from Arlington Heights Pharmacy.

TV NEWS

by Don Hager

Bob Hope continues to joke about Bing Crosby's millions, but there's no doubt that "The Crooner" knows what he's doing. A lot of us have wondered why Bing hasn't been diving into TV like the rest of the big stars. He has been reported signed to a TV contract but so far no show has been worked out.

One reason given is that Bing likes his freedom. He was one of the first stars to insist that his radio shows be taped . . . and while his weekly radio programs have been going on for the past few weeks, Bing has been free to cruise around Europe. His show is tape recorded by his own firm, Bing Crosby Enterprises, which deals in taped shows, packages for both radio and TV, and electronic devices.

Now his firm has developed its new sight-and-sound tape recording process for television, so that TV shows can be taped more cheaply and with better reproduction than the present filmed method. Maybe this de-development is what Bing has been waiting for!

Speaking of new developments, the bigger and better TV screen has been a major advance by the industry . . . and did you hear about the 5-year-old who, taken to the movies for the first time in his life, said: "Gee, what a big television screen!" More people can see better with big screen TV . . . and you'll be surprised how little it costs to own a new 21-inch Dumont TV set from **DON HAGER'S TV & APPLIANCE, 11 W. Davis St., Arlington Heights. Phone CLearbrook 3-0700.**—Adv.

Clarence Brown Takes Joyce Scanlon As Bride

In a double ring ceremony April 11, Miss Joyce Irene Scanlon, daughter of Mr. and Mrs. Walter Scanlon of Wheeling, became the bride of John Roger Brown, son of Mr. and Mrs. Clarence Brown, Keystone rd., Northbrook.

The ceremony took place at 4 p.m. at the Holy Cross Catholic church, Deerfield. The church was decorated with baskets of snapdragons and gladioli. Rev. John O'Mara officiated. The altar was decorated with lilies.

The bride wore a gown fashioned with a lace bodice with a sweetheart neckline, a full satin skirt with lace panels at each side, and a full train. Her fingertip veil with its rhinestone studded crown was trimmed with beach lace. She carried a cascade bouquet of white carnations, centered with white orchids.

Miss Dolores Scanlon, sister of the bride, was the maid of honor. Her gown of blue had a lace bodice with a sweetheart neckline and a full skirt of nylon net over taffeta. She carried a cascade bouquet of pink carnations. Bridesmaids were Mrs. Alice Orlandini and Mrs. Mary Jane Koeppen, both cousins of the bride. Mrs. Orlandini wore a pink gown and carried a cascade bouquet of yellow carnations, and Mrs. Koeppen's gown was yellow and she carried a cascade bouquet of blue carnations. The gowns were identical to that worn by the maid of honor.

Miss Penny Scanlon, niece of the bride, was flower girl. She wore a blue gown identical to that of the maid of honor and carried a cascade bouquet of pink carnations. Edward Brown, nephew of the groom, was ring bearer.

The mother of the bride wore a navy blue dress with red accessories with a corsage of red and white carnations. The mother of the groom also wore a navy blue dress with matching jewelry and a corsage of yellow and white carnations.

The bride was given in marriage by her father.

Miss Wilma Stack, soloist, sang "Ave Maria" and "On this Day O Beautiful Mother," accompanied at the organ by Mrs. Bessie Rink.

Cletus Sisterhan of Wilmette was best man. Ushers were William Brown, Northbrook, brother of the groom, and Howard Bitterman, Wheeling.

Following the ceremony a dinner was held at Wenzlaff's for the bridal party and immediate families. A reception for 400 relatives and friends was held at the Union hotel at 8:30 p.m.

Following a two-week honeymoon at Ft. Lauderdale, Fla., the newlyweds are now making their home on Keystone rd., Northbrook. (Glenview studio

Eleanore Kutz And Kenneth Gerken Marry

St. Peter Evangelical Lutheran church, Arlington Heights, was the scene May 1 of the wedding of Miss Eleanore H. Kutz, daughter of Mr. and Mrs. Albert W. Kutz, N. State rd., Arlington Heights, and Kenneth A. Gerken, son of Mr. and Mrs. Arthur Gerken of Glenview.

Rev. L. V. Stephan officiated at the 7 o'clock ceremony. Richard Long sang "Because" and "I Love You Truly" accompanied at the organ by O. Kolb. Candelabra and baskets of white gladioli, carnations and snapdragons decorated the altar.

The bride wore a gown of white lace and nylon net over satin. The scalloped illusion neckline was trimmed with lace roses. Her fingertip length veil was held in place by a scalloped tiara trimmed with rhinestones and seed pearls. The bride carried a bouquet of white carnations and lilies of the valley with an orchid center.

Miss Gladys Gerken, sister of the groom, was the maid of honor. She wore a baby blue gown fashioned with a lace bodice, scalloped neckline and nylon tulle skirt. Her bouquet was made in the form of a satin ring covered with shrimp colored roses in the center of each white carnation.

Miss Shirley Ann Ahrens of Niles, cousin of the bride, Mrs. Bernice Mitchell of Northbrook, and Miss Ruth Ahrens of Northfield, cousin of the bride, were the bridesmaids. Their cotillion blue gowns were fashioned identical to that of the maid of honor, and their bouquets were also the same.

Albert Weber of Saginaw, Mich., was the best man. Elmer Kutz, brother of the bride, Gordon Stade of Arlington Heights and Donald Lass of Glenview were the ushers.

The bride's mother wore a lilac, lace trimmed dress and a corsage of light yellow roses, and the groom's mother wore a light blue lace dress and a corsage of light yellow roses.

Following the ceremony a reception for 200 guests was held at Roosevelt Park field house, Glenview.

The bride is making her home with her parents temporarily. The couple plan to take a honeymoon as soon as the groom is discharged from the service.

Favorites for Flavor

By LOIS SEILER

A streussel-filled coffee cake which is quick to prepare, disappears just as quickly when served in the Richard Hurlburt household on Clarence ave. in Arlington Heights.

"I don't have to worry about keeping it fresh," says Mrs. Hurlburt, mother of four. "It is eaten long before it has a chance to become stale."

Mrs. Hurlburt's recipe for this cake is one which her sister had contributed to their sorority cook book. It is light in texture, and has a streussel filling and topping.

The streussel mixture, which is composed of brown sugar, flour, chopped nutmeats, cinnamon and melted butter, is absorbed into the cake during the baking process, adding extra flavor and richness.

This delicious coffee cake is a breakfast favorite with the Hurlburts' children. Three of their youngsters attend the Wilson school. Randy, 11, is in sixth grade; Russ T., who is 8, is in third grade, and a daughter, Rickie, 6, is in first. They have another daughter, Skye, who is 1½.

Mr. Hurlburt is the newly elected president of the Wilson school board. Mrs. Hurlburt is active in PTA activities, and they both attend the Methodist church.

Streussel-Filled Coffee Cake

1½ cups flour
3 teaspoons baking powder
½ teaspoon salt
3/4 cup sugar
¼ cup shortening
1 egg
½ cup milk
1 teaspoon vanilla

Sift flour before measuring. Sift dry ingredients together. Add shortening. Use pastry blender until mixture resembles fine cornmeal.

Blend in beaten egg mixed with milk and vanilla. Beat enough to mix well.

Pour half of batter into well-greased pan. Sprinkle on half of the streussel mixture. Add remaining batter and top with the remaining streussel mixture.

Bake 25 to 30 minutes in 375 degree oven.

Streussel Filling

½ cup brown sugar
2 tablespoons flour
½ cup chopped nutmeats
2 teaspoons cinnamon
2 tablespoons melted butter

Blend these ingredients together until they crumble.

Circle To Hear Mrs. Irion Speak

Mrs. Paul Irion, wife of Rev. Paul Irion, pastor of Long Grove Evangelical and Reformed church of Prairie View, will be the guest speaker at the May 12 meeting of the Friendly circle of St. John's Evangelical and Reformed church of Arlington Hts.

The meeting will be held in the church basement at 7:45 p. m.

Mrs. Irion is the newly elected president of Arlington Heights region of Women's Guilds of Evangelical and Reformed churches. She will discuss the origin of hymns and their implications on a Christian.

Mr. and Mrs. Club To Elect New Officers

Election of officers is scheduled to take place May 9 at the meeting of the Mr. and Mrs. club of the First Presbyterian church of Arlington Heights at the church.

The usual pot luck supper will be served at 6:45 p.m.

All members and their guests are asked to be present.

Margaret Schaffer, Wilbert Glade Wed

Gowned in lace and nylon tulle, Miss Margaret Schaffer, daughter of Mr. and Mrs. George Schaffer of Barrington, became the bride of Wilbert Glade, son of Mr. and Mrs. Herman Glade of Plum Grove rd., Palatine.

The bride's gown was fashioned with an illusion neckline, a lace bodice forming a peplum at the waist and a bouffant skirt of nylon tulle ending in a long train. Her fingertip veil of nylon illusion was held in place by a beaded tiara, and she carried a bouquet of white carnations and lilies of the valley with a white orchid center.

Mrs. John Hehn of Palatine was the matron of honor. Miss Dolores Rohde, Miss Nancy Nelson and Miss Vivian Holste, all of Palatine, were the bridesmaids.

They wore ballerina length gowns fashioned with lace bodices forming a peplum at the waist and full nylon tulle skirts. Each gown had a matching lace bolero, and all the attendants carried bouquets of carnations tinted to match their gowns.

Mrs. Hehn wore powder blue, and the attendants wore lilac, light green and yellow respectively.

Susan Cramer of Palatine, the flower girl, wore a pale pink gown and carried a basket of pink carnations. Ronald Friese of Palatine was the ringbearer.

Rev. Glenn G. Gumm officiated at the candlelight ceremony held at 7:30 p.m. at St. Paul Evangelical and Reformed church of Palatine April 25. Vases of white gladioli and snapdragons and palms formed the setting for the wedding.

Richard Glade of Palatine, brother of the groom, was best man. Robert Castning, Harold Friese and John Hehn, all of Palatine, were the ushers.

A reception for 300 guests was held immediately following the ceremony at Fred's Place on Rand rd.

Following a honeymoon in Eureka Springs, Ark., the couple will make their home in Barrington. Community Camera

Bernice Schwantz And William Saunders Wed

In a candlelight ceremony April 18, Miss Bernice Schwantz, daughter of Mr. and Mrs. Charles Schwantz, 31 S. Highland ave., Arlington Heights, became the bride of William J. Saunders, son of Mr. and Mrs. Victor A. Saunders, Milwaukee ave., Wheeling.

Rev. Luther V. Stephan officiated at the 8:30 p.m. ceremony held at St. Peter Evangelical Lutheran church, Arlington Heights.

Mrs. Ruth Kirchhoff sang "Because" and "The Lord's Prayer" accompanied at the organ by Ottomar Kolb. Baskets of carnations and two vases of snapdragons and carnations and palms formed the setting for the wedding.

The bride wore a full length lace gown fashioned with a lace jacket with a Queen Ann collar and elbow length sleeves and a fitted strapless bodice. Her fingertip length veil was held in place by a crown of pearls and rhinestones. The bride carried a colonial bouquet of white roses with a center of yellow tea roses.

Miss Esther Schwantz, sister of the bride, was the maid of honor. She wore a mauve strapless gown with a stole and carried a colonial bouquet of yellow roses.

Miss Terry Saunders, niece of the groom, and Miss Judy Schwantz, niece of the bride, were the flower girls. They wore yellow nylon dresses and carried colonial bouquets of yellow roses.

Victor B. Saunders, brother of the groom, was best man. Wilbert Schwantz, brother of the bride, was the usher.

A reception for 200 guests was held following the ceremony at the Amvets hall in Wheeling.

The couple are now making their home at 18 E. Northwest hwy., Arlington Heights.

May Birthdays

In May the J. F. Grinnell family, 1022 N. Princeton, Arlington Heights, celebrates the birthdays of both of their offspring. The children are Christine and Steve, the first two little people pictured above.

Christine will be one year old May 20. She has light brown hair, blue eyes and has the reputation of being a "real good baby." She thinks her big brother, Steve, is a fine playmate and especially enjoys playing peek-a-boo with him. Steve, who has blond hair, blue eyes and a sweet smile, will be three years old May 10. A Saturday party is planned for him with his neighborhood playmates and cousins as guests "The party has been a much talked about occasion with Steve in the last few months," stated Mrs. Grinnell. Like most children Steve is happiest out-of-doors playing with his sandbox or riding his bicycle.

Mr. and Mrs. R. L. Grinnell, formerly of Winnetka, are the paternal grandparents. Mr. and Mrs. E. H. Volwiler of Highland Park are the maternal grandparents.

Winsome Threesome

At 622 S. Evergreen, Arlington Heights, we have the W. Ben Flanigin family. Mr. and Mrs. Flanigin are the parents of Joan, Stephen and Douglas, the winsome threesome pictured next.

Joan and Douglas, on either end, are the twins; Stephen is in the center. The twins are 21 months old and both have blond hair and blue eyes. "They play well together and are a lot of company for one another," stated Mrs. Flanigin. With this nice weather playing out-of-doors is their greatest desire.

Anything that has anything to do with space patrols or cowboys is of primary interest to big brother, Stephen. He also has blond hair and blue eyes and is 5 years old.

Grandparents of the children are Mr. and Mrs. Robert Gilmore of Narberth, Pa., and Mr. and Mrs. H. F. Flanigin of Claremore, Okla.

Parkway Bowlers To Dine Tuesday Night

Members of Palatine Parkway bowling league will hold their annual banquet Tuesday night, May 12, at Hapsburg Inn, north of Des Plaines, starting at 7:30.

Crowning of champs, including award of eight trophies, five chevrons and achievement plaque, plus election of officers for the coming season, will follow the dinner for bowlers and their wives.

Hasemans Win

Haseman Truckers clinched the Palatine House league bowling title Friday night when they beat second place Dreyer Electric in the first game, 910 to 777.

Hasemans led much of the way during the season, though Dreyers were in front for the Paddock tournament in January.

CHRISTIAN SCIENCE CHURCHES

Since God is our Father, man's sole origin and existence are in and of Spirit. This will be explained in all Churches of Christ, Scientist, on Sunday, May 10. The subject of the Lesson-Sermon will be ADAM AND FALLEN MAN.

The Golden Text is from Ephesians (5: 14) "Awake thou that sleepest, and arise from the dead, and Christ shall give thee light."

Bible Selections (King James Version) in the Lesson-Sermon include:

"Grace and peace be multiplied unto you through the knowledge of God, and of Jesus our Lord, According as his divine power hath given unto us all things that pertain unto life and godliness, through the knowledge of him that hath called us to glory and virtue" (II Peter 1: 2,3).

Selections from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include:

"When speaking of God's children, not the children of men, Jesus said, 'The kingdom of God is within you;' that is, Truth and Love reign in the real man, showing that man in God's image is unfallen and eternal . . . Christian Science separates error from truth, and breathes through the sacred pages the spiritual sense of life, substance, and intelligence. In this Science, we discover man in the image and likeness of God. We see that man has never lost his spiritual estate and his eternal harmony" (pp. 476,548).

Arlington Organizing For Educational TV

With more than 30 suburban communities already organized and others fast completing their organizational work, all details are being completed for the launching of the area-wide drive on May 10 to raise $800,000 to finance an educational, non-commercial television station on Channel 11.

Mrs. Nat T. Burfeind, 1130 N. Harvard rd., Arlington Heights, president of the Arlington Hts. Parent-Teachers Association, is working in conjunction with incoming president of the PTA, Mrs. C. H. Rosene and the executive board to stimulate interest in the campaign. They are seeking the cooperation of the Lions and Kiwanis clubs to sponsor a community-wide drive as part of the over-all campaign.

Dr. Norbert J. Hruby, Arlington Heights director of radio and television at Loyola university, is serving as chairman of the speakers bureau.

The Federal Communications Commission has reserved Channel 11 until June 2 for non-commercial educational telecasting. After that date, the channel would be open to bids from commercial or other sponsors.

At Navy Pier

The choir of the University of Illinois' Chicago undergraduate division will present "An Evening with Romberg" at 8 p. m. Friday, May 8, at Navy Pier.

Mr. and Mrs. Donald Carey entertained dinner guests Saturday evening. They were Mr. and Mrs. E. W. Bromstedt of Chicago, Mr. and Mrs. A. L. Jarvis, Prospect Heights, Miss Donna Pinkerton, Barrington, and Leonard Capulli, also of Barrington.

Mrs. Paul Engebretson flew to South Dakota with her children Bobbie and Pam. The children will stay with grandparents while Mr. and Mrs. Engebretson prepare to leave for their new destination, Phoenix, Ariz.

Sincere sympathy is extended to Mrs. Edwards and her family.

Visit Away

Mrs. C. C. Coughlin is spending the next few weeks in Northbrook with her daughter Mrs. T. Rambert.

Mr. and Mrs. R. Long entertained the pastor from their church in Chicago Sunday for dinner.

Mrs. Kay Wehrheim entertained her canasta club Wednesday with a surprise baby shower for Mrs. Lynn Nye.

Win 9 Superior Ratings; 4 Excellent In Music Contest

Music students of Arlington Heights high school won nine superior ratings and four excellent ratings in the state music competition at Bradley university, Peoria, last Friday.

* * *

"EVERY STUDENT performed creditable," Frederick C. Schmoyer, head of the music department, said after the contest. "We are justifiably proud of having all of our 13 entries rated in the top classifications."

The local school competed in the AA class against 20 other schools with enrollments of more than 1100. The 13 entries involved 42 local music students.

Winners of superior or first class ratings were Cindy Meineke, violin solo; John Lee, boys' medium voice solo; Roger Dahlberg, bass clarinet solo; Bruce Bydal, alto saxophone solo; the brass quartet composed of Chris Kent, Lew Green, Neil Barr and Bob Leihy; the saxophone quartet composed of Bruce Bydal, Al Schock, Douglas Jerger and Charles Watson; the string trio composed of Sharon Newman, Wendy Farmer, Emily Sherrill; the girls' vocal ensemble composed of Eunice Ewert, Barbara Rahn, Valerie Ashcraft, Pat Ryan, Darlene Maierhofer, Lois Jacobson, Carol Hoffie and Norma Turpin; the mixed vocal ensemble composed of Laurnell Anderson, Virginia Cowen, Nancy Wintergerst, Mary Kingsley, Bob Peters, Phil Wintergerst, Bob Ryan and David Hasz.

* * *

THE GIRLS' VOCAL ensemble was accompanied by Jane Torreyson, the mixed ensemble by Adrienne Double.

Winners of excellent or second place awards were Marilyn Behrens, baton twirling solo; Virginia Cowen, girls' high voice solo; the baton twirling duet of Suzanne Franke and Arlene Heiss; and the woodwind quartet composed of Patricia Tesar, Ann Sandeen, Bob Raven and Lance Jahnke.

Returns From 2-Day Conference

Mrs. Quentin K. Ford, Arlington Heights, has just returned from a two day spring conference of the Women's division of the Republican National committee held in Washington, D. C. April 23-24. She attended the conference as a delegate from Illinois.

Mrs. Ford prepared a detailed report of the many talks she heard at the conference, but space does not permit this paper to publish the report in full. Some of the noted personages she heard are as follows: Mrs. Oveta Culp Hobby, secretary of health, education and welfare; Sherman Adams, assistant to the president; Nelson Robert Rockefeller, guest speaker of Sherman Adams; Douglas McKay, secretary of the interior; Herbert Brownell, attorney general; Lloyd A. Mashburn undersecretary of labor; Marion Folsom, undersecretary of the treasury.

HIGHLIGHT of the conference was the appearance of President Dwight Eisenhower. He told the women,

While Mrs. Ford was in Washington she also attended a hearing of the House on Un-American Activities, where she learned first hand how these trials are conducted. She also enjoyed an interesting and informative visit with Congressman Timothy P. Sheehan, who is now serving his second term in congress for the 11th district and is making a strong push before congress in behalf of the American boys in prison camps under Russian control.

Ten Children Help Mother Celebrate 85th Birthday; 59 Grandchildren

Mrs. Sophia Kranz, 85, who has been a resident of Des Plaines for the past 45 years, was guest of honor Sunday afternoon at the home of Emil Kranz, 1558 Henry ave., Des Plaines, when all except two of her ten living children helped her celebrate her birthday. If the entire family could have attended, there would have been 95 of them.

There are 29 grandchildren and 30 great grand children. All, except one daughter, reside in this immediate area. Only three of the grandchildren are not local residents.

Mrs. Kranz was born in Alsace Lorraine and came to America when only 13 years old. Her parents, Mr. and Mrs. Mentzer, settled in Deerfield. She maried Edward Kranz in 1885. He died 14 years ago.

Mrs. Kranz is in excelent health and time never hangs heavy on her hands because she enjoys the monthly visits with her children and their children.

Only one child, the late Mrs. Richard Jahn of Arlington Heights, has died. Six of her children reside in Des Plaines. They are Emil Kranz, Mrs. Edward Ladendorf, Mrs. Coile Frohn, Mrs. Walter Schultz, Mrs. Louis Kantsch and August Kranz. Others are Julius Kranz, Palatine; Mrs. Joseph Poc, Mt. Prospect; Mrs. Walter Ehrhardt, Indiana; and Mrs. Martin Reeg, Chicago.

Mr. and Mrs. Louis Kantsch, accompanied by their son, Karl, left Tuesday for their new home in Denver, Colo., where two daughters now reside.

Labor Lawyer To Highlight Husbands' Night

Members of the Evening Guild of St. John Episcopal church, Mount Prospect, are inviting their husbands to the final meeting of the spring season, which will be May 13 at 8 p.m. at the Arlington Heights field house.

Attention of guild members is called to the fact that this meeting is on the second Wednesday of the month. This is necessary because the annual spring card party of the Evening Guild will be held May 1 at the Arlington Heights high school cafeteria.

Mrs. Richard Corn, vice president and program chairman of the guild, has announced that members of the other guilds of the church are invited to attend this meeting, and they are asked to bring their husbands or guests.

According to Mrs. Corn, the program is one designed to be of particular interest to the masculine guests. Gordon Hostetter, of the Employers' Association of Chicago, a public relations firm, will give a talk entitled, "This is Our Problem," which will be one of a series of talks entitled, "The American Way of Life."

Mr. Hostetter, an outstanding authority on labor law, is an attorney whose career has been devoted to labor. He was former national chief enforcement attorney for the Federal Salary Stabilization board. Most recently, he has completed service in Washington as the legal assistant to the industry members of the National Wage Stabilization board. In this capacity he served as the technical man in charge of both the steel and coal cases which became such celebrated controversies.

Mrs. Robert Stark, social chairman of the guild, has announced that the following ladies will be hostesses for this meeting: Mrs. John A. Beverley, Mrs. Donald R. Brownell, Mrs. Thomas K. Chaffee Jr., Mrs. Leslie Dix, Mrs. Leon L. Green and Mrs. J. Herbert Haynsworth. (AM

Brown And Kennedy On Lawrence Squads

Full scale action is planned for the next ten days in tennis, golf and track at Lawrence college, after rain forced postponements of all opening matches. There is a total of 11 dual meets scheduled in the period from May 2 to May 12.

The Viking racketeers will play host to Marquette university, and Oshkosh State college on May 2 and 4, respectively. Then they will travel to Stevens Point State college to face the Pointers on May 6 before returning home again to battle the Ripon Redmen on May 12.

Marquette University and Ripon college will invade the Riverview golf course on May 9 and 12, respectively, to challenge the host Lawrence Linksmen.

Con Defferding, Appleton, and Jim Brown, Mount Prospect, are top golfers on the Riverview links. Both are returning lettermen.

Girl Scout News

A neighborhood meeting of 11 Girl Scout troops in southern Arlington Heights was held at the field house April 29.

The registration of Mrs. George Vitoux as neighborhood chairman was announced. Mrs. Vitoux resigned because of illness. The name of Mrs. Andrew Helwig was presented by the nominating committee for neighborhood chairman to replace Mrs. Vitoux. Her election was unanimous, and Mrs. Helwig presided as chairman for the remainder of the meeting.

Mrs. Lillie Mae Osburn, executive director of the council, was present and discussed the camping program with the leaders. Registration blanks for camp were distributed. Questions were answered and valuable information presented to aid leaders on expanding the Girl Scout program.

Refreshments were served by members of the nomination committee, Mrs. George Poole, Mrs. Marion Hogate and Mrs. Samuel Wit.

Fluid coupling, for smoother traction in ½-, ¾- and 1-ton models, offered only by Dodge.

2 fuel filters on all models to assure cleaner fuel and cleaner engine.

Floating oil intake selects clean oil just below top; avoids sediment at bottom of crankcase.

Water-distributing tube on all models directly cools valve seats . . . means longer valve life.

Exhaust valve seat inserts on all models for better valve seating, longer engine life.

4-ring pistons on all engines save oil, upkeep.

Independent parking brake on all models is simple, efficient, powerful.

Cyclebond brake linings last longer . . . no rivets to score brake drums.

Oriflow shock absorbers on ½-, ¾- and 1-ton models give smoother riding.

Better balanced weight distribution for extra payload.

At Illinois Wesleyan

High school age students of Illinois will have the opportunity to take private lessons from college professors, to play in an orchestra or sing in a chorus directed by a distinguished guest conductor and to enjoy all the advantages of beautiful Lake Bloomington when Illinois Wesleyan university opens its first summer camp the middle of June at East Bay.

The camp, first of its kind in that part of the state, will be in session for two weeks, June 15 to 28, sponsored by the school of music at IWU. The fee, including private lessons, class and ensemble instruction, meals, room and recreational facilities, will be $70 for the two weeks.

In order to plan for housing, Mr. Neumeyer has requested the applications be made by May 15.

At Navy Pier

A total of 411 students at the University of Illinois' Chicago undergraduate division will be cited for high scholarship May 8 in ceremonies at Navy Pier.

Local students to be honored:

Lois M. Blaschke, 308 N. Belmont, Arlington Heights, freshman class honors (4.0.)

Peggy Ann Sieburg, 115 W. Campbell, Arlington Heights, freshman class honors (4.2).

At Denison

George C. Petersen, junior at Denison University, Granville, O., has been chosen to spend a semester in Washington, D. C. next year. The Washington Semester Plan consists of academic classes at night and opportunities for seminars with government groups and individual research.

Petersen is the son of Mr. and Mrs. Earle A. Petersen, 913 N. Patton ave., Arlington Heights.

At Indiana

Frances Hubbard, 525 Bristol Lane, and Robert M. Evans, 1131 N. Harvard rd., Arlington Hts., are receiving recognition for scholastic achievement at Indiana University's founders day ceremonies May 6 in observance of the 133rd anniversary of the founding of the University.

A certificate in recognition of scholastic achievement is given each honor student.

At Illinois

Being honored this week end at Illinois university are two Arlington Heights mothers, Mrs. Mrs. Glover Young, whose daughter is a member of Kappa Kappa Gamma house, and Mrs. Peters, whose son, Allan, is a member of Alpha Tau Omega.

At Iowa Wesleyan

Blyth Morrow of Arlington Heights has one of the male leads in "The Theater of the Soul," being presented this week end by the Iowa Wesleyan college civic theater. Final performance is Friday night.

There's no other jacket like the

McGREGOR DRIZZLER

Here are 6 reasons why:

1. Zelan-treated Drizzler cloth is sturdier, repels water better . . . is a McGregor exclusive.
2. Wipes clean of dirt and non-oily stains.
3. Vat dyed . . . colorfast to sun or suds.
4. Bi-swing back for full action freedom.
5. Weatherproof English tab collar.
6. Hip-hugger waist keeps it in place.

At Kendall

The choir of Kendall College, Evanston, will give its 21st concert this year, Sunday, May 24, at 8:00 p. m. when it appears at St. John's Methodist church, 7350 Jeffery Blvd., Chicago. The 35 young singers, under the direction of Miss Mary Moore, have been presenting a varied program of sacred music taken from the American, English, Russian, Slovak and German schools of church music. Among the young singers is Wally Grosch, of Itasca.

Wally is a candidate for king of the Kendall college spring formal. The king, and his queen, will be selected at the dance Saturday, May 9, in the Evanston high school social room. Fellow students choose the candidates and the winners.

At Lawrence

Carol Kirkeby, daughter of Mr. and Mrs. David H. Kirkeby, 511 S. Elmhurst rd., Mount Prospect, has been initiated into active membership in Alpha Delta Pi sorority at Lawrence college, Appleton, Wis.

Miss Kirkeby is a freshman at Lawrence.

At Carthage

Robert Steinbrinck has been elected president of the Carthage college club, Spectators, a club for English majors and minors. The president of the club must be an English major. Steinbrinck is the son of Mrs. L. J. Steinbrinck of 118 N. Cedar, Palatine. He is a junior at Carthage college where he is active as a member of Alpha Psi Omega, Masquers, and has been very active this year in radio, producing his own weekly show.

PTA To Meet

All the Wilson school children will participate in a Mothers' day program at the PTA meeting Friday evening. The order of the meeting will be reversed, and the program will be first. Mrs. Robert Huebner will install the new officers of the PTA.

Registration

Registration of first graders for next September will take place May 12 at 9 a. m. Parents are asked to bring birth certificates and if the child has attended kindergarten to bring the health record from the previous school.

Mrs. Joseph Steiger was guest of honor at a stork shower April 30 given by the executive board of the PTA at the home of Mrs. William Thompson in Pinegate.

Physical Exams

Physical examinations will be given by the County doctor at the Wilson school May 7 at 9 a. m. Mothers of those scheduled for a physical are requested to be present.

The upper grades in Mr. Parson's room will give a Mothers' day tea May 7. A program has been planned and refreshments will be served.

Return Home

Mr. and Mrs. Chas. Opela and sons, Randy and Todd, have returned from a two weeks vacation. They visited Mrs. Opela's mother in Manor, Penn., and took several side trips, including one to Niagara Falls where they viewed from both the American and Canadian sides.

Feehanville School

Scout News

It is customary for Brownie Troop 231 to sing a happy birthday song, at their Tuesday afternoon meetings, to the little girls whose birthday falls in the week. Last week they sang to Vickie Williams, who was seven April 25, Betty Broberg, who was eight April 28, and Penny Campagna, who was eight Sunday, May 3. Little Penny's birthday was not the happy occasion it should have been as her grandmother, Mrs. Bragmus of Foundry rd. died Wednesday.

All the Scouts, Brownies, Cubs and Girl Scouts are busy making Mothers' Day gifts.

Enter Band Contest

Another trio in the news are the Phar children, Billy and Kay, and Dean Hedberg, who will be leaving Friday for Bloomington to participate in the state solo and ensemble band contest. They are all attending Prospect Heights school due to the shortage of rooms at Feehanville. They have received first rating in previous contests and we wish them continued success at Bloomington.

There is no doubt in the fact that each week one or more of our children from Feehanville makes the news as a result of hard work and diligent study. It is too bad that we have to send the three upper grades to Prospect Heights, because of the shortage of rooms, but we, who have worked hard these past two years for an addition to Feehanville, are looking forward to a rosy future for the youngsters and hope that they can all return to graduate from Feehanville.

The John Alexanders of Foundry rd. had open house Sunday to celebrate their son's and daughter's first Holy communion. Malvina (Jackie) has still another happy day to look forward to, when she graduates in June from Prospect Heights school.

Fun Fare

The Fun Fare will be held at Feehanville school Friday, beginning at 6 p. m. Highlights include: plate dinners, a choice of fish or barbecue, will be served; pony rides, movies and a fishing pond for the kiddies; cake walk for the adults; bakery booth and white elephant booth to tempt the ladies; and horseshoes to keep the men entertained after supper.

Elk Grove Community

School News

The pupils of Elk Grove school will present a program entitled, "Welcome To Spring," Friday, May 8, at 7:30 p. m. Parents and friends are invited to attend.

First Grade Registration

Registration for incoming first graders will be Thursday, May 14. For the convenience of parents, two different hours have been set. From 2-3:30 p. m. and from 7-9 p. m. If you know of any first graders who will be entering school next fall, will you please inform them of this date.

Vote High School Site May 9

The polls will be open at the Elk Grove school from 12 noon to 7 p. m. Saturday, May 9, for the purpose of voting on the proposed high school site.

Mrs. Grosche's fifth grade gave a mothers' day program for the mothers in their room Wednesday.

Mrs. Lillian Morrison from El Dorado, Kans., spent the week end with Mrs. Tena Allison.

The Thomas Zoliks have moved to their home on Higgins rd. this past week.

Moving

Mr. and Mrs. Harry A. Graines, who recently sold their home on Busse rd., will move into their new home at 216 S. Chestnut, Arlington Heights, the end of this month.

Mr. and Mrs. Stanley Luczak and daughters, Sharon and Bonnie, were Sunday afternoon visitors at the home of Mr. and Mrs. B. J. Dalton of Palatine.

Final Meeting

The Forest View Mothers club held their last meeting of this school year Tuesday. The teachers, Mrs. Hinneberg and Mrs. Finch, attended this meeting. They had a white elephant sale and a sale of greeting cards. The meeting ended with a serving of coffee and cake.

Mr. and Mrs. Joseph Branka of Chicago helped celebrate the 11th wedding anniversary of Mr. and Mrs. W. H. Grismer Jr. Saturday night.

Mr. and Mrs. Fred Gorr and Dickie spent Sunday afternoon and evening in Chicago, celebrating two birthdays, one of Donald Gorr, 8th birthday, and Michelene Ignatius, 5th birthday.

Mrs. Howard Koepke spent the day Monday with her mother, Mrs. Anna Wagner, of Chicago.

Adding CHARM to YOUR Home

NOT JUST FOR FUN

Don't be discouraged if your home is small and you are faced with making the decision of turning your one spare room into a play room OR a bedroom for guests. Don't limit the room's uses. By careful planning you can make one room serve both purposes — effectively and attractively.

PLAN A DOUBLE-DUTY ROOM

Choose a rug that can be whisked up easily — a shag, preferably — so games marked on linoleum floor may be enjoyed. Provide a chest to store card games, checkers and chess — leave one drawer free for guest's use. A sleep sofa will prove ideal here . . . furnishes comfortable seating units for three, opens into a full size bed when needed.

MAC SAYS

BY G. A. McELROY

WE HAD THE PLEASURE last Thursday night of being present at the Lions sponsored Bensenville High School athletic banquet when John C. Trapp was honored for 25 years of teaching and track coaching service to Bensenville High. The affair was planned to feature 25 years of Bensenville track in connection with the ninth annual Lions sports dinner, but turned into a tribute dinner to Coach Trapp.

It came as a complete surprise to Trapp who was given a beautiful wrist watch by the Bensenville board of education and sizeable cash gifts by the Bensenville Veterans of Foreign Wars and the Lions club.

We have known John Trapp 22 of those 25 years and directed teams which competed with his for nine years during the peak period of his track success. Our relations with Trapp have always been of the most pleasant type. He impressed us with his cooperation and hard work in the staging of conference and dual track meets. When material was more plentiful and Bensenville did not play baseball, Trapp's teams were the ones to beat in the Northwest Conference.

He copped the league title in 1939, 1940, and 1944 and won the Palatine Relays class "B" in 1944.

The Bisons led the conference in records with four. Speckman holds a :10.4 in the 100 yard dash made in 1941, Pomplun has a :15.6 mark in the high hurdles in 1941. Theis holds a high jump mark of 6' 1 3/4" made in 1949, and an 880 relay mark of 1:37.4 is held by Thomas, Bornack, Audas, and Riley made in 1941. The same boys hold the Palatine Relays 880 relay record, made the same year in the good time of 1:34.9.

A good many fine athletes developed under John Trapp's direction and they are fine men today due in no small part to Trapp's influence. The honors he was accorded last Thursday night were well deserved. We hope he has another top track team before he retires.

* * *

COACH DICK WELTY and his assistants Charley Feutz and "Rusty" Dowell are going to have a hard time deciding which boys shall compete in the Northwest conference frosh-soph meet next Wednesday. The choice will be particularly difficult in the 440 and 880 where there are four boys capable of placing in the conference in each event, but only two may compete. It looks to us like Palatine will place two boys in every event with the possible exception of the weights.

* * *

THE NORTHWEST CONFERENCE basball schedule is certainly in a mess from postponements due to rain. Next Friday the second round of five games is supposed to start but at this point some teams have played only one game.

Seven of the first 12 games on the schedule were rained out. The team with two pitchers will have the edge when it comes to making up these games.

At this point it looks like the Bensenville Bisons have a slight edge in this respect though don't count Ela out with both veterans from last year available.

* * *

IT LOOKS LIKE DICK WINTERBAUER will have plenty of competition at the Evanston district meet Saturday in the trials for the state meet. Chick Jung of New Trier threw the discus 158' 9" Saturday in the Mooseheart meet and Joe Paletti of New Trier put the shot 50' 11".

The Evanston meet is one of the toughest in the state along with the one in the Proviso district.

At Evanston, in addition to the host school, there will be Waukegan, Highland Park, New Trier, Niles, Maine Twp., Arlington Heights, Lake Forest, Libertyville, Barrington, Palatine and the rest of the Northwest Conference except for Bensenville.

Redwings To Play In Arlington This Sunday

Arlington Redwings will open the home baseball season this Sunday, May 10, when they meet the Ald. Keane Boosters at Recreation Park in a non-league affair. Regular Midwest league schedule will begin a week later.

Managing the Redwings this season will be Joe Verba, former Redwing catcher now living in Brookfield.

Attention, ladies!

Thursday is the night, 6:30 the time, for the first of four free golf classes sponsored by Paddock Publications at Arlington country club, Dundee rd., east of Arlington Heights rd.

All lady golfers, and would-be golfers, are invited to participate in these free group golf classes conducted by Dan Taggart, running four successive Thursday nights. In case rain cancels any of the sessions they will be continued an extra week.

Don Bates, pictured here on the parallel bar, is one of Coach Gay Hughes' star performers in the coming sports carnival at Arlington Heights high school May 15. More than 300 students are slated to take part in the show, showing the work the physical education department is doing in helping develop today's students into responsible adults of tomorrow.

* * *

FIFTY WOMEN have already signed for the classes, as of Tuesday morning, with a late rush Thursday night expected to increase the total past the hundred mark.

Last year more than 200 women took advantage of the Paddock offer, showing up for classes on two different nights each week.

This year, however, the group instruction is being given only on Thursday night. No registration is necessary ahead of time, though the sponsors would like ladies to fill out the blank on the second sports page for record's sake.

* * *

MANY QUESTIONS have been fired at the sports department of Paddock Publications since initial announcement of the free group instruction. Some of the answers are repeated here:

Ladies don't have to register, just show up at 6:30 Thursday nights during May.

Whether ladies take advantage of one or four lessons is solely up to the individual. If a golfer can't make it the first night, show up the second.

Ladies need bring only one club and a ball. There is no need to bring an entire set.

Classes will last until dark. Last year's enthusiasm kept some of the women talking to golf instructor Dan Taggart long past sunset but the classes officially end with the sunlight.

* * *

THERE IS NO fee charged ladies, no money need be expended for any purpose. Paddock Publications and golf pro Taggart are undertaking all expense.

In answer to one woman's question — what's your angle — Paddock Publications is interested only in providing women golfers with a chance to get a bit of professional instruction, and develop interest in the sport pages.

Golf pro Dan Taggart, who doubles as manager of the Arlington country club, is interested in getting more ladies on his golf course and to improve their play.

See you there.

Winterbauer Track Hope In District

Whether Dick Winterbauer can continue his success in the district meet at Evanston Saturday is the big question at Arlington Heights high school.

Dick will be entered in both shot and discuss at Evanston. Competition will be tough, however, particularly in the discus where at least two other boys certain to be at Evanston have tossed the platter 150 feet. Dick has passed this mark just twice this year.

Preliminaries and finals of shot and discus start at 10:00 a. m. at Evanston, with the broad jump starting at 10:30. Preliminary heats in track events start at 9:45.

In the afternoon will be the finals of all track events starting at 2:00 with the pole vault starting at 1:30 and the high jump at 2:00.

BOYS ENTERED from Arlington by Coach Russ Attis, by events:

Weights, Winterbauer.
High jump, Bowersox and Whitelaw.
Hurdles, Ellis and Kent.
Broad jump, Werner.
440, Grimm and Barr.
Mile relay, Barr, Dahlstrom, Ellis, Grimm.
880 Relay, Werner, Keithley, Frisk, Roberts.
100 and 220, Roberts.

No entries will be made for the Cardinals in pole vault, 880, or the mile.

Arlington Twilight Golf Off To Good Start

Arlington Heights twilight golf league got off to a good start last Friday, even though weather conditions probably could not have been more unfavorable. Some members turned in scores indicating mid-season form.

Illinois Range Takes First Mt. Prospect Golf

Tuesday night was a dreary one for the start of the Mount Prospect twilight golf league. The Tuesday division was rained out.

In spite of threatening weather the Wednesday night division of the Mount Prospect twilight golf league opened its 1953 season last Wednesday. Early darkness prevented a third of the matches from completing a full nine holes. All contestants, however, finished the six holes required to score as a completed match.

Leading the league after one night of play was the Illinois Range team which captured 7½ points from Kirchhoff Insurance Agency. Mount Prospect State Bank was not far behind with 7 points garnered at the expense of Mount Prospect Bowling Lanes. Hook's Nursery and Van Driel's Drug Store tied for third place with 5½ points each.

Birdies were turned in by Harry Grimm, 3rd hole, Tony Colosimo and G. T. Hawk, 7th hole, and Len Johnson Jr., 12th hole.

Team standings:

Illinois Range	7½
Mt. Prospect Bank	7
Hook's Nursery	5½
Van Driel's Drug Store	5½
Barclay Engineering Co.	5
Annen and Busse, Realtors	5
Moler's Barber Shop	5

Eleven Schools Sign To Play

Arlington Heights high school will play host to the district golf tournament this week, Friday, at Old Orchard golf course when at least eleven schools compete for honors. Play will start at 8:30 a. m.

Just who is favored is hard to say. The local school knows the course best, has beaten five of the ten other schools entered, and is out to finally make the trip downstate after losing by two strokes twice, and five once in past district golf meets.

* * *

COACH LARSEN'S charges have been second four times in eight years, following one step behind Highland Park twice and Waukegan twice.

This year Arlington has beaten Palatine, Waukegan, Niles, New Trier and Maine, though a return match with the Pirates at Inverness slated for this Wednesday hadn't been played at this writing.

Arlington has played host to the district golf meet twice before, in '46 and '48, both times at Mt. Prospect country club. This year the local school is entertaining the West Suburban league meet, too, at Rolling Green country club.

* * *

SCHOOLS ENTERED in the big event are Arlington, Palatine, Elgin, Highland Park, New Trier Evanston, Waukegan, Crystal Lake, Niles, St. Charles and Maine.

Drawings for foursomes will be made Wednesday by athletic director Wally Grace and Coach Larsen. Highland Park rates the team to beat, though Waukegan has already taken the measure of the North Shore school.

Record Setters in the Hinsdale Relays Saturday included the six boys, above, from Arlington Heights high school who combined their throws in both shot and discus to win. New shot mark, set by Winterbauer, McAuliffe, Streigel and Mueller, is 175' 5". New discus record set by Winterbauer, Hinneberg, Mueller and Johnston, is 504' 5½".

Wrestling For Grade Schoolers At Heights Gym

Second of a series of wrestling exhibitions for grade school boys will be given this Saturday morning, 9-11 a.m., at Arlington Heights high school with boys from grade schools throughout Wheeling tonwship invited to attend.

Boys of the upper grades of Prospect Heights, Mount Prospect, Wheeling, St. James and St. Peter schools are invited, as well as those from Arlington Heights junior high.

Involved is exhibition and instruction of wrestling with grade school boys taking part. A tournament among these boys is planned for the end of the four weeks instruction.

* * *

ALL THE boys need bring, according to wrestling mentor Dick Mudge, are clean gym shoes and old clothes, such as overalls without metal buckles or buttons. No shower facilities will be available so gym suits are not needed.

Purpose of the grade school instruction is to interest more boys in wrestling. Coach Mudge and several members of his wrestling squad will be on hand to give pointers so the young boys can gain experience and develop interest in the sport.

No registration is necessary. It is hoped at least 60 boys will show up in the new gymnasium Saturday morning.

Mt. Prospect Little Leaguers In First Practice Game Sunday

Most baseball coaches are plagued with not having enough really good material to make up a first class team, but Fred Peterson, coach of the Mt. Prospect Merchants Little League team, has found just the opposite to be true.

Returning to play ball this year are boys like Don Boedeker, Gene Dahlquist, Bill Zadel, Chuck Staral, and Ralph Ibbotson, all of whom were good players last year, or getting ready for this season. Along with the above boys, at least 30 others showed up for tryouts and practice and there were many good ball players among them.

The coach's dilema arises from the fact that Little League rules allow only 15 men on a team, and of the 15, 5 may be 12 wears oud, five 11 years old, and five ten years old or younger.

The Merchants will play their first practice game Sunday, May 10, on the field at Busse and School sts., at 1:30 p. m.

Three Baseball Games For Bisons This Week

by DON TUCHSHERER

Bensenville encounters a full slate of baseball action this week. The first of the three games scheduled was set for Tuesday at Antioch with the second taking the Bisons to Ela-Vernon Friday. They are slated to meet Proviso of Maywood in the sub-district tourney at Leyden Saturday at 9:30 a. m.

Antioch and Ela are of about the same potential in power, pitching and hitting. Since Coach Tom Meneguin's charges beat Ela, 5 to 2, in the teams' first meeting last month, they should rate a little ahead of both of their opponents. The home diamond advantage, however, could even things up.

Event Slated For Wednesday

Palatine is a heavy favorite to annex their third straight Northwest conference frosh-soph track meet next Wednesday on their home track. The event in its third year will be a twilight meet starting at 6:00 p. m. Last year the meet was held at Barrington and Palatine scored 51 points to beat Wauconda with 45½, Barrington 34, Bensenville 29, Ela-Vernon 19, Antioch 9½, and Grant 6.

In spite of the fact that the meet is only two years old, fine marks have been made and good records established which will be hard to beat. Dan Gudgeon of Ela-Vernon set three very good ones last year with a :10.5 in the 100 yard dash, :23.5 in the 220, and 19' 3" in the broad jump.

Norman Stenzel, Palatine junior, holds both hurdle marks set last year and was a member of the freshman relay team which set a mark in 1951.

Frank Cole, Ela-Vernon senior, holds both shot and discus marks. Pedro Cuatrecassas of Bensenville set a pole vault mark of 10' last year. Paul Hess of Palatine holds the 440 record of :57.1.

* * *

PALATINE HAS beaten all the conference schools in meets this year and in addition to that Jim Hess, a freshman, has not competed in the frosh-soph meets due to the fact that he is Palatine's best varsity sprinter. Hess should win both dashes in next week's meet. Dave Cornwell of Palatine will be the favorite in both hurdle events.

Alan Eck, Dave Schultz and Allan Mackie can score in the 100, 200 and 440 events. Mackie has been Palatine's best 440 man with the varsity team and may break the frosh-soph record in this event if the weather and track are right.

Leonard Wiese and Victor Marsiglia are both expected to place, if not provide a winner, in the 880. Dave Nesset in the high jump and Don Underwood in the discus should win points. Carl Bondeson is a fine 440 or 880 man as a freshman. Ron Bessemer, Phil Metzler, and Bob Fremd are good enough for places in the pole vault. Jim Penning in the hurdles and Bob Kozy in hurdles and high jump are good performers.

In fact, Coach Welty has so many capable boys in each event that some who could win points will not be able to compete due to limitation of two entries in each event.

Glenbard Wins Six Track Trophies Within One Week

by ED BERNOT

The Glenbard track team closed a successful, six trophy week in track. The Bards won the annual Little 4 meet at Downers Grove Tuesday, and followed this with a second place in the third annual Hinsdale Relays.

The Bards brought home two trophies from Downers and four from Hinsdale.

The Downers meet produced a trophy for the 880-yard relay and the meet championship. At Hinsdale, the Bards won the two mile relay, the high hurdle shuttle relay, the frosh-soph 880-yard relay, and second place in the meet. A trophy came with each victory.

* * *

THE BARDS scored 66 2/5 points as they won the Little 4 for the second consecutive year. Downers scored 56 points to win the number two spot again this year.

Tom Peters set a new record in the discus and missed one in the shotput by six inches. Peters broke his brother's record of 142' 6" by 14 inches. Les Long and Ed Berndt took first and second in the 880. Long won with a time of 2:06. Berndt was clocked in 2:07.

Dick Cline won the mile easily as he breezed in with a 4:46. Ron Greisheimer took second place in both the hurdle races while Tom Hill took second in the pole vault.

* * *

SATURDAY at Hinsdale, the Bards took three first places, one second, and seven thirds in 15 events. The Bards were shut out in the varsity 440 relay, mile relay, pole vault, and 100-yard dash.

The times in all events were slow because of softness of the track. The day before the meet the track was under water.

The Bards' first places came in two running events and a shuttle hurdle race. The 2 mile relay team, composed of Les Long, Dave Clarke, Ed Berndt, and Dick Cline, easily won their event, while Bob Edwards put on a great finish to give the sophomores a win in their 880 relay. Carl Helledy, Ed Morgan, and Jeff Fliege also ran on this team. The high hurdle relay team won rather handily. Ron Greisheimer led off, and was followed by Tom George, Fred Hein, and Tom Peters, in that order.

Palatine Golfers Whip Leyden, 11-4

Palatine's varsity golfers won their third straight match following four defeats when they outscored Leyden 11-4 at White Pines in Bensenville last Wednesday. Palatine's second group played to a 7½ - 7½ tie with the Eagles' second team. "Tinker" Meyer's 81 was low score of the match with John Goetz 85, Gerry McElroy 88, Pete Abramson 89, and John Roehr 92 for the Palatine varsity. Bielek's 85 was Leyden's best.

Ela-Vernon Whips Grant Nine, 13-2

Coach Mel Eide's Ela-Vernon Bears whipped Grant's Bulldogs, 13-2, at Fox Lake Monday afternoon in a replay of game two weeks ago which ended in a one-all tie after eight frames. Monday Don Prouty was invincible after the opening inning when Grant got two runs aided by Ela's two errors. The Bear's junior right hander set Grant down with four scattered hits, fanned nine and walked three.

Torgerson, Aborney, and Wolf toiled on the mound for Grant and while they struck out 14, they gave up seven bases on balls and 10 hits.

Williard Uutala was the big noise at bat with a single, double and a triple for the winners. Halvorson had two hits in four tries and Glenn Chaffin came through with the most important hit of the game, a double with the bases loaded in the big six run fourth inning.

Palatine Fourth In DeKalb Relays

Palatine finished in fourth place among 22 teams in the second annual DeKalb Relays Saturday with a total of 23 points. Ottawa repeated as champ with 61½. Sterling's 42½ gave them second. Oregon was third with 28¼. Wauconda of the Northwest Conference took eighth place with 11½.

The best event for the Pirates was the frosh-soph relay in which they picked up a close second with Dave Cornwell, Alan Eck, Allan Mackie, and Jim Hess the quartet of runners. The Pirates scored with a fourth in the sprint medley and a fourth in the 400 yard low hurdle shuttle. Bondeson, Abrahamson, Eck, and Wiese ran in the medley while Michaelis, Busch, Cornwell, and Stenzel ran in the hurdle event. Bob Garrett tied for fourth in the mile run and Charles Hartman tied for third in the pole vault.

* * *

BUFFUM OF Wauconda took second in the mile and his team mate, Punches, was fourth in the broad jump. Jaskot of Wauconda tied for first in the high jump and their frosh-soph relay team captured a fifth place. The high jump of 5' 7¼" was a new record.

Charles Bock of Antioch got five points for his team with third in the shot and fourth in the discus. Napier of Barrington had a third in the broad jump and Jerry Babb got a tie for fifth in the high jump.

Ottawa individuals or relay teams accounted for seven first places. Roger Severson broke the 100 yard dash record with a record of :09.9.

Antioch Defeats Grayslake Nine, 12-7

Antioch defeated Grayslake 12-7 last Wednesday for their first league victory in two starts. Nine Grayslake errors contributed to the rout. Both teams got eight hits but Bruce Stahmer got the better support on the mound for the Sequoits.

Early trackmen coached by John Trapp at Bensenville high school honored their coach Thursday night in a banquet, posing with their former coach.

Pictured above are those early athletes present, with events in which they competed listed. Front row, left to right, Arnie Schoppe of Des Plaines, 100, 220 and relay; Coach Trapp; Anthony Koske of Prospect Heights, javelin, shot, high jump and relay.

Back row, Donald Goble of Bensenville, 440; and Lowell Capoot of Bensenville, 880, 100, broad jump.

Three Meets On Tap This Week For Bensenville Cindermen

by GIL CUATRECASAS

Bensenville cindermen are running a full schedule this week with three meets booked, all in tough competition. Tuesday they were entered in the DuPage county meet at Downers Grove, Thursday they host Reavis high school of Oak Lawn and Saturday they are to take part in the district meet at Evanston.

Coach John Trapp's boys have thus far been held to low scores in every meet, expected to happen before the season started. The smallness of the squad, which forces just about every member to compete in several events, has not, however, blocked several good individual performances.

* * *

BISONS' ACE, Pedro Cuatrecasas, has excelled in various events in most meets, but tough competition in his specialty of pole vaulting has kept him down in this department. The dropping of some of the events would improve his vaulting.

Fred Kauffman is the most rapid improver on the Bensenville squad. He has been improving steadily in every meet while taking part in the 880 yard and mile runs. Possessing endurance and a good kick, he looms as a top competitor for the district meet Saturday.

* * *

TWO PROMISING freshmen with bright outlooks are Tom Philben and Ron D'Vooge. Both have shown well in the hurdles, running and broad jump. Philben recently broad jumped 19' 1" to take firsts in two frosh-soph meets. This is the best mark ever hit by a youngster Trapp has coached.

D'Vooge runs in both the high and low hurdle events and takes the highs in three steps. This is another first for a freshman insofar as Trapp is concerned. Besides the broad jump, Philben runs well in the 100 and 440 yard action. Both should play an important part in Bensenville track for the next few years.

Arlington Trims York Twice In Track Meets

Arlington Heights high school track squad kept its record intact of losing only to LaGrange in either duals or triangulars, by edging York Wednesday of last week, 59½ to 58½. In the frosh-soph half of the meet, a triangular, the young Cardinals scored 56, York 51, Wauconda 22.

Roberts took firsts in the 100 and 220 for Coach Russ Attis in :10.5 and :23.7. Kent won the high hurdles in :16. Ellis took the broad jump at 19' 3". McAuliffe high jumped 5' 8" for another first, and Winterbauer won both shot and discus easily at 50' 10" and 141' 1". The local squad also won the mile relay.

The result wouldn't have been so close, but Bob Frisk, Arlington's number 3 man on the 880 relay, hit a hole in the track, losing 15 yards, too much to make up. He was unhurt, however.

Arlington 59½, York 58½

Arlington Weight Men Set Two Records At Hinsdale

Arlington Heights high school trackmen showed themselves to be contenders in the coming West Suburban league track meet May 20 (after LaGrange, of course) when they finished third in Saturday's Hinsdale Relays with 65 points.

The Attis-men garnered 32 points in the field events, 33 on the track.

The Heights squad carried plenty of weight, too, as the two weight foursomes representing the Cardinal and White set new records in both shot and discus.

* * *

THREE BOYS tossed the shot beyond 40 feet, Dick Winterbauer passing 50, for the new mark of 175' 5". The old figure was 172' set a year ago by Downers Grove.

In the discus Winterbauer tossed the platter 150' 9½" with three other boys adding fair marks for a new record of 504' 5½", beating the old mark by 40 feet.

Individual marks in the shot: Winterbauer 50' 10½", Dick McAuliffe 43' 10", Wayne Mueller 40' 6", Dennis Streigel 40' 2½". In the discus: Winterbauer 150' 9½", Roy Hinneberg 121' 9½", Mueller 121' 1", Jack Johnston 110' 9½".

* * *

HEIGHTS BROUGHT home a trophy for its efforts, the third place award. Helping win it was Roberts in the 100 in which he ran his best century of his career, :10.3, just a shade behind Walker of Highland Park, who dashed in :10.2.

In the mile medley Grimm ran a good 440, Sheppard a fast 880, Frisk the 220, but George Keithley pulled a muscle to come up lame in the other 220. At that, the Cardinals copped fourth.

Other Arlington points were garnered by a second in the high jump, fourth in the broad jump, third in the mile and 880 relays, third in the high hurdle shuttle, fourth in the low hurdle suttle, and fourth in the 440 relay.

* * *

UNUSUAL ASPECT of the meet was the way field events were rated, with total distance of four boys from each school in each event determining the champ. Those readers who thought it was impossible to pole vault 38 feet were right, for one boy, but four marks added together determined the winner at Hinsdale.

Bison Nine Whips Antioch

The Bensenville Bisons made it three straight in their quest of the Northwest Conference baseball championship as they shutout Antioch Tuesday, 3-0, in a game played on a wet slippery field. Dave Sloan's southpaw slants had the Sequoits handcuffed and only Larry Hostetler, Antioch second sacker, was able to get a hit off the Bison star. He got two singles. Antioch committed seven errors to their downfall.

An unearned run in the opening inning was all the Bisons needed behind the invincible hurling of Sloan who racked up his third straight pitching success.

Fifth More Cattle Now In Corn-Belt Lots

Market supplies of beef cattle will continue large for the next few months. This prospect is evident from the quarterly report of cattle on feed issued recently by the USDA bureau of agricultural economics.

The report showed that on April 1 farmers in 11 Corn-Belt states were feeding about three million cattle—19 per cent more than were reported the year before.

In most areas outside the Corn Belt the increase is not so pronounced, USDA statisticians figure total cattle on feed to be 12-14 per cent over a year ago. The increase shown last January was 16 per cent.

* * *

THE REPORT also shows these other important facts:

1. Most of the increase in cattle on feed consists of calves and other light-weight stock. On April 1 farmers in the Big Three states—iowa, Illinois and Nebraska—were feeding about 563,000 head weighing under 600 pounds. This number is 63 per cent more than was listed a year ago, and it is 25 per cent of all cattle on feed in these three states.

2. In the Big Three states all of the increase was represented by cattle that had been fed for more than three months. Farmers listed 1,547,000 head on feed 3-6 months compared with 1,188,000 a year before (a 30 per cent increase.) They reported 132,000 head on feed for more than 6 months compared with only 78,000 last year (about a 69 per cent increase-.

* * *

3. FARMERS apparently plan to market a larger share of their cattle before July 1 than they did last year. Corn-belt farmers who reported said they expected to ship 46 per cent before July compared with only 42 per cent a year ago.

With the larger number of cattle in feedlots this year, marketings from these 11 states from April 1 through June 30 may be about one-third greater than for corresponding months last year.

This prospective increase is slightly greater than that actually recorded for the first three months.

* * *

4. FEEDLOTS contain a bigger proportion of she-stock than they did a year ago. This fact indicates a reduction in demand for breeding stock and probably in rate of increase in breeding herds. On April 1 farmers in the Big Three states were feeding 294,000 heifers, 35 per cent more than a year before.

5. Stockers and feeders shipped into nine principal Corn-Belt states from January 1 to March 31totaled 403,000 head—about 13 per cent less than last year. Average costs were about $21.00 per hundred pounds—down 30 per cent from last year.

6. Illinois farmers have not increased their cattle-feeding operations so much as have farmers in most other corn-belt states. On April 1 farmers in Illinois were feeding only 12 per cent more cattle than they were feeding the year before. By comparison, increases in some other states were; Nebraska 35 per cent, and Iowa, Missouri and Indiana each 20 per cent.

FARM ELECTRIFICATION BUREAU

By IRA MILLER
Farm Electrification Bureau

Pre-fabricated equipment has been a long time in coming to the farm. This is true particularly of structures necessary in the processing of such major crops as hay and corn.

Extension Services and the U.S. Department of Agriculture have recommended for many years that farmers in mows or other storage places because of the difficulty in obtaining competent labor to construct the types of systems needed. Usually such systems consist of either raised slatted floors or a series of lateral ducts. An electrically driven fan supplies the air for both types of system to remove excess moisture from the crop.

Although plans for home-made systems are available, and agricultural

SOMETHING NEW HAS BEEN ADDED—here's a view of newly developed pre-fabricated barn hay curing system.

guard against the fickle whims of nature by drying their hay and grain artificially. Wet hay in the mow can easily cause that bugaboo of rural living—fire by spontaneous combustion. And soft corn, unless fed quickly or ensiled, may mold and become worthless by spring.

Also, there's another angle to be considered on mechanically cured hay. Its feeding value is much higher than that cured in the field. Tests conducted in Iowa last year recorded that artificially cured hay contained from 16 to 19% more digestible protein than that found in field cured samples.

Many farmers, however, have hesitated to try curing their hay and corn engineers have offered technical construction assistance, some farmers have been concerned that mistakes still might be made which would result in an inefficient installation. Out of this hesitancy, however, has come a worthwhile addition to the growing farm electrification line.

It is a newly developed pre-fabricated metal hay curing "system." Built in sections, it is suitable for all types of storage structures. Tests show that an electric fan can deliver as much as 40% more air to the hay through the open metal ducts than is possible through those constructed of wood. The sections can be arranged in various patterns and can be moved to various locations where needed.

LAW on the FARM

Hog Cholera Laws

There is an Illinois statute which provides that: "It shall be the duty of the owner or person having charge of any swine and having knowledge of or reasonable grounds to suspect the existence among them of the disease known as 'hog cholera,' or of any contagious or infectious disease, to use all reasonable means to prevent the spread of the same, and upon its coming to his knowledge that any of such swine had died of, or been slaughtered on account of, any such disease to immediately burn or bury the same to a depth of two (2) feet."

In the only Illinois decision which construes this act, the appellate court said that the purpose of the act was to "confer upon persons suffering from the wrongful spread of hog cholera a new remedy (legal right), and to check the evil by subjecting the wrongdoer to a criminal prosecution." The act further provides that: "No person shall convey upon or along any public highway or other public grounds or any private lands, any diseased swine, swine known to have died of or been slaughtered on account of any contagious or infectious disease."

STATE DEPARTMENT of agriculture may investigate supposed cases and, if necessary, quarantine and establish appropriate regulations.

One who violates this act may be fined from $5 to $50 and held liable in damages to any persons suffering loss as a result of the violation.

While it is true that hog cholera is now held in check by widespread vaccination, a relaxation in the practice of vaccinating may, and frequently does, cause the disease to spread over an area, making the application of this law effective.

Regulations on the vaccination, sale and shipment of swine and on their transfer at community sales may be procured by writing to the division of livestock industry, Springfield.

The laws on hog cholera may be found in the Illinois revised statutes, chapter 8, sections 8-10.

'Save Your Soil' Contest Entries Close June 1

The "Save Your Soil for Illinois" contest is again being conducted by the state department of agriculture and the local soil conservation district, according to Emil Hattendorf, Rte. 1, Elgin, chairman of the local soil conservation district board. Through participation, North Cook county will recognize the accomplishments of farm operators practicing good soil conservation.

Entries will be judged according to:

1. Farm plan.
2. Progress made in conservation practices.
3. Neatness and general appearance of the farm.

* * *

NORTH COOK county winner will compete with other county winners for the Illinois state fair grand award August 14-23. Farmers in this area are urged to contact the following board members if interested in competing:

Emil Hattendorf, Hanover township, Rte. 1, Elgin.
Elmer Wente, Palatine township, Rte. 1, Palatine.
Xaver Schmid, Barrington township, Rte. 2, Palatine.
Wilmer Rohlwing, Elk Grove township, Rte. 1, Palatine.
Arnold Brockman, Palatine township, Rte. 2, Palatine.

They may also contact Carl F. Mees, farm adviser for Cook county or Maurice M. Umbdenstock of the soil conservation service. Entries close June 1.

Strawberry Variety

A new strawberry variety named Plentiful has been released to cooperating nurserymen this spring by the Illinois agricultural experiment station.

Plentiful, which has been tested since 1945 at the University horticultural farm at Urbana and at other locations in the State, is proving to be a high-yielding variety that is resistant to red stele root rot. In addition, Plentiful foliage is resistant to leaf spot and leaf scorch.

A. S. Colby, small fruits specialist at the university, made the original cross in 1941 that resulted in the development of Plentiful. The parent plant varieties were Redstar and Pathfinder.

Farm Bureau Objects To Cut In Vocational Ag.

The American Farm Bureau Federation has voiced opposition to a proposal to reduce federal appropriations for vocational agriculture in fiscal 1954.

Kenneth W. Ingwalson, legislative assistant, in testimony presented to Education and Labor subcommittees in both the House and Senate, recommended that Congress appropriate "not less' than the amount provided for this program during the current fiscal year.

Congress last year appropriated approximately $10 million for vocational agricultural training.

* * *

INGWALSON SAID that while Farm Bureau has consistently urged less spending to achieve a balanced federal budget that the farm organization deems it "unwise" to cut out a program so vital to "civic leadership of the future."

He said that for every dollar spent by the federal government for vocational agricultural education "communities and states spent $3.12 of their own money" to further the program. The Illinois Agricultural Association is the statewide Farm Bureau organization in Illinois.

"Farm Bureau believes funds for this program should be restored to the 1953 fiscal year level," Ingwalson said. "Vocational agriculture education is of primary importance in our in-school program for the rural high school child.

* * *

"WE KNOW THAT as fewer and fewer people are needed to produce food and fiber requirements, those remaining on the farm must be well educated in the science and technology of agriculture."

The Farm Bureau spokesman added that "we need, too, in the rural community those young people equipped to provide civic leadership of a caliber that the future will demand of them."

"A well administered vocational agriculture program, properly coordinated in the counties, is doing this job side by side with other constructive forces—and is doing it well," he said.

Make Surplus Pasture Into Grass Silage

If you expect to have excess pasture this spring, you might want to consider the advantages of storing it in the form of stack or trench silage for future use.

H. A. Cate, assistant in animal science at the Dixon springs experiment station, points out that making the extra grass and legume forage into silage eliminates the big hazard of rain on a first-cutting hay crop.

Even with excellent drying weather, Cate says, the field curing and handling required in making dry hay results in a 10 to 30 per cent loss of potential feed, mainly through loss of shattered leaves. Ensiling this same crop would save most of the protein-rich leaves.

Trench silos do not need to be elaborate, but it is important that you get them built before pasture cutting time. Dirt sidewall trenches will preserve silage very well, but they need a gravel floor for good drainage and easy removal of silage. Your county farm adviser can offer helpul information on making and using trench and stack silage.

Record Cow

With 727 pounds of butterfat and 20,543 pounds of milk to her credit, West-Villa Madcap Dota, a registered Holstein-Friesian cow owned by Mrs. Dorothy Hammerstein, Roselle, has completed a 365-day production test in official herd improvement registry.

She was milked 2 times daily, and was 7 years 11 months of age when she began her testing period.

Her record averages approximately 26 quarts of milk daily for the period covered by her test.

Half Million Pigs Can't Be Wrong!

Feeders report pigs like these tasty new pellets better than straight rolled oats

"My pigs were one week old when I started feeding Creep-20," reports Walter Ohrt, Rt. 2, Omaha. "Creep-20 sure takes the load off the sow, and pigs had no scours or sickness."

Taste appeal plus nutritional power—that's what you get with Nutrena's tasty new Creep-20 pig starter pellets. No wonder half a million baby pigs have already been started on Creep-20.

And feeders say pigs often start eating Creep-20 in 5 to 7 days. Some report weaning 40 lb. pigs at 6 weeks and 50 lb. pigs at 8 weeks.

Why not see what Creep-20 can do for *your* pigs. Feed a bag of Creep-20 alongside any other pig starter. If your baby pigs don't eat Creep-20 more eagerly, send the empty bag to Nutrena Mills, Minneapolis, Minn. for refund.

Come in this week for your Creep-20.

Be Careful When Using Insecticides

Dusting or spraying with insecticides may do much to promote the healthy growth of fruits and vegetables. But they often have just the opposite effect on humans.

Even though the container may not be labeled poison, many of these substances are harmful to man, says John W. Matthews, executive secretary of the Illinois rural safety council.

The safety council suggests that you take precautions whenever you use fumigants or insecticides to be sure that you never breathe the fumes, vapors or dust. It is a good idea not to dust or spray on windy days. With some dusts and sprays a safety mask is required.

* * *

ALWAYS BE especially careful to label all insecticides so that you won't mistake them for something else, and keep them out of the reach of children.

Here are some common-sense rules from the safety Council:

1. Follow manufacturer's directions for handling, mixing and applying.
2. Always dust or spray with the wind.
3. Wear respirators where there is danger of inhaling fumes.
4. Wear gloves, a long-sleeved shirt and other clothing to cover as much skin area as you can.

* * *

5. **WASH YOUR HANDS** and other exposed parts of your body thoroughly with soap and water after using insecticides.
6. Store poisonous materials in a safe place.
7. Thoroughly wash fruits and vegetables that have been sprayed or dusted before you eat them.

Seniors Can Apply For University Scholarships

High school seniors in Cook county are eligible to apply for one of the many scholarships available at the University of Illinois college of agriculture for entering students.

Farm adviser Carl F. Mees points out that a scholarship offers an excellent opportunity to get help in continuing education in college for those who need financial aid to attend school and study agriculture or home economics.

Usually not more than one scholarship will be awarded to any student at one time, Mees says. "But you can apply for as many different scholarships as you wish if you can meet the eligibility requirements.

"In general, you must rank in the upper half of your graduation class to be eligible for a scholarship," Mees says.

Each county in the state is entitled to one agriculture and one home economics farmers' institute scholarship each year. These scholarships have a value of $400 each for the regular four-year course. A competitive examination for eligible applications will be conducted by the county superintendent of schools on Saturday, June 6.

Fused Tri-Calcium Phosphate New On Fertilizer Market

Fused tri-calcium phosphate, a newcomer on the fertilizer market, has been showing promising results at agricultural experiment stations.

Although the material has been manufactured experimentally for several years by the Tennessee Valley Authority, it has just recently become available to farmers, according to C. M. Linsley, soils specialist at the Illinois College of Agriculture. Only a few thousands tons will be available this year, but this amount will allow a fairly large number of interested farmers to try out the material on a small scale.

* * *

FUSED TRI-CALCIUM phosphate is also known as fused rock phosphate. It is produced by heating rock phosphate to a high temperature in the presence of silica and water vapor.

This treatment drives off most of the fluorine, the element in rock phosphate which holds down the amount of phosphate that can become available each year. It's because of this effect of fluorine that rock phosphate has to be applied in relatively large amounts.

When most of the fluorine is removed, however, a high percentage of the phosphorus is immediately available to crops. Thus fused tri-calcium phosphate can be used in small amounts like super-phosphate as a starter, or as part of a temporary program until heavy applications of phosphate can be made.

* * *

FUSED TRI-CALCIUM phosphate costs about the same per ton as superphosphate, Lindsley says, and it contains 28 percent of phosphoric acid compared with 20 percent in ordinary superphosphate. Sixteen percent of this 28 percent is as available as the phosphorus in superphosphate, and the other 12 percent has a higher availability than the phosphorus in rock phosphate.

A. L. Lang and D. B. Miller of the University of Illinois Soil Experiment field division carried on a number of experiments with this material when it was first developed several years ago. The results showed that fused tri-calcium phosphate was as effective on legumes and grain crops as equal amounts of superphosphate. It seemed to be about as effective as superphosphate even for wheat, which requires phosphorus in a more available form than most other crops.

Movable Shelf Units

NEAT, economical, movable shelf units are a boon in any home, where they may be used for various things such as storing toys, canned goods, laundry equipment, seldom-used kitchen utensils or other things.

Each unit may be any height. The number of shelves may vary according to their distance apart.

The usual width of a unit is three feet, and the shelf depth is 11¾ inches.

The accompanying illustration reveals the construction. Note the triangular pieces of Tempered Presdwood used at the back to brace each unit. The 3/16" thickness of this material is used as shelf surfaces because of its long-wearing quality, its resistance to moisture and its hard, smooth surface which makes it easy to keep clean.

The shelves merely are laid in place without fasteners. They may be nailed down, of course, for a permanent installation. Either leave them unpainted or color them any attractive hue. Incidentally, Tempered Presdwood has no splinters, and that's a comfort when there are youngsters around.

GI Loans

GI loans approved for Illinois ex-servicemen and women have topped the 800 million dollar mark.

As of February 25 the VA Chicago Regional office had approved 122,500 loans for homes, farms and businesses since the beginning of the GI loan program in 1944.

Poor Soil

Poor soil tilth limits crop yields.

Beef Supply Back To Normal

Supply and demand factors for beef are returning to a normal relationship after the recent adjustment of cattle numbers in the feedlots, reports H. M. Conway, director of research for the national live stock producer, the nation's leading live stock magazine.

This reduction in cattle numbers and the smaller supplies of hogs and lambs to be marketed this summer should result in a partial recovery of some price losses suffered by cattle feeders during the past several months, continued Conway. This prospect for reduced meat supplies during the summer if furthered because the remaining supply of cattle in feedlots consists largely of calves and light yearlings which will be marketed in late summer and early fall.

* * *

LATE SPRING and early summer lamb crop is on a favorable basis as compared with the past winter. The extreme liquidation of lambs last fall has resulted in short supplies of fed lambs for spring and early summer market.

Above average numbers of sows and gilts are being retained and summer pig production is expected to be slightly above normal. This is contrasted with liquidation of a year ago when most farmers were trying to get out of hogs. Present supplies of hogs are being marketed in an orderly fashion. Even though hog numbers are down slightly, a decline in lard values and some demand shift to beef has kept the increase in present hog prices on a moderately higher level.

Soil Conditioner

A new soil conditioner that costs as low as $2.50 to $5 an acre has been announced by Capper's Farmer. The conditioner is called liquid Krilium.

The costs were for conditioner sprayed on surface over a narrow seed row when the chemical is bought in 55-gallon drums.

The conditioner keeps ground from crusting, to give tiny seedlings a chance to break through. Heretofore the conditioner had been too expensive for wide-scale use.

Chemicals Help

Chemical weed control without additional cultivation can increase corn yields from 10 to 40 bushels an acre, says the USDA.

11% Bigger Yield at 35% LOWER COST!

Here Are Results Of a Farmer's Own Tests with Hoover COLLOIDAL PHOSPHATE, the Soil Builder

John Bunting, Danforth, Illinois, wanted to know what would bring best results in his own fields. So he put Colloidal Phosphate to a comparative test with his favorite chemical fertilizer, 3-12-12, in a field of corn. Results were decisive. The chemical fertilizer produced a yield of 71 bushels per acre at a cost of $2.30 per acre. Colloidal Phosphate brought 78.9 bushels per acre at a cost of $1.50 per acre. Think of it . . . 11% bigger yield at 35% lower cost! And that is typical of results secured by farmers the country over, for Colloidal Phosphate brings better results in practically any soil or climate. Action is **immediate**, because minerals are in the colloidal form plants require . . . ready to enter directly into the cellular structure and produce plant growth. **Digestible** is the word for it!

Whether it's used for grain, hay, legumes, vegetables or flowers, Colloidal Phosphate brings amazing results.

Add MARLAND, The Triple-Action Product

Just as Colloidal Phosphate is the natural source of phosphorous, Marland (greensand marl) is rich in pottassium plus many trace elements.

Marland releases these elements from insoluble form in the soil and feeds them to the plants as needed. It loosens and opens hard soils, binds sandy soils, regulates moisture and stimulates soil organisms. Marland absorbs sun heat in early spring, warming soil for earlier crops; also holds high moisture content, thus cooling soil during hot and dry weather.

While Colloidal and Marland may be used separately with good results, the two combined assures practically everything needed for ideal soil conditioning and heavy growth.

WHAT COLLOIDAL PHOSPHATE AND MARLAND DO . . .

- ★ Sweeten soil; counteract soil acidity.
- ★ Lower cost of fertilization.
- ★ Build up reserves of plant food.
- ★ Improve soil quality and texture.
- ★ Improve mineral content and quality of crops.
- ★ Conserve and retain moisture in soil.
- ★ Hasten maturity; increase quantity and quality of crops.
- ★ Stimulate germination when mixed directly with seed.
- ★ Can be broadcast or drilled with seed, thus saving cost of advance application and one complete discing job.
- ★ Promote growth of bacteria and soil organisms.
- ★ Feed freely through any fertilizer distributor. No special equipment needed.
- ★ Blend with soil and all other forms of fertilizer material.

And both are non-toxic to man, animal, soil, plants or machinery (never cause rusting or corrosion).

Arlington Loses To York And Hinsdale, 4-2

The number combination, four-to-two, proved the downfall of Arlington Heights baseball team twice this week, York taking the measure of Coach Ray DeGreeff's boys by that score Thursday and Hinsdale winning by the same mark Monday afternoon on the Arlington diamond.

The defeats gave the Cardinals a 3-5 West Suburban mark thus far, with Maine coming up this Thursday on the Des Plaines field.

Once again it was Mike Shanklin on the mound for Arlington who can't win a game for love or money. Though striking out 26 boys and allowing just 11 hits in 24 innings in league play, Mike has lost four straight games as his mates couldn't supply the needed power at the plate.

* * *

IN THE Hinsdale contest Monday first hits were tallied in the fourth when Krause tripled and scored on a fly ball by Boss for Hinsdale. Amann singled in the fourth for Heights after two were out but died there as Lemke fanned. A single by Spamer, double by Hain and an error gave Hinsdale its second score in the fifth.

Shanklin was replaced by a pinch batter in the sixth, but to no avail, though a walk, hit batsman and another walk had loaded the bases. Lemke hit into a fielders choice and Eakins was out attempting to steal home.

An error, double and single gave Hinsdale its final two scores in the seventh. Sieburg and Dotts hit safely in the seventh for Arlington to account for the only Cardinal runs. Two errors helped the cause.

* * *

THE YORK game was called in the middle of the sixth due to rain. Arlington took the lead on two runs in the second when both Hesch and Sieburg hit over the center fielder's head, Hesch gaining a double and Sieburg a triple. Sieburg stole home for the second run.

A triple, two singles and an error accounted for four runs for York in the third frame. The locals could never gain back the advantage. Shanklin relieved Brumm after two were out in the third.

* * *

LEADING HITTERS for Arlington to date include Wayne Hesch hitting .286, Dick Amann .285, Jack Sieburg .250 and John Eakins .208. Hesch has been up to bat 21 times, Amann 7, Sieburg 20, Eakins 24.

As a team the Heights nine has fanned 72 times, an average of nine times per game.

Name Boys To Show Gymnastics

Selecting the boys who will be giving individual exhibitions before sports fans at the First Annual Sports Carnival at Arlington Heights high school was the big job of program director Gay Hughes this week. The show, put on by more than 300 students, is set for next week Friday evening, May 15, in the spacious new gym at AHTHS.

The boys that took second place in the state invitational meet will be on hand next week, in addition to others from both boys and girls physical education classes, the band front, and modern dancing groups.

Open to the public at 60 cents and 40 cents, the Sports Carnival provides local fans with a good chance to see what goes on in the gymnasium in addition to the basketball games during the winter.

* * *

BOYS NAMED by Coach Hughes for the individual gymnastic acts include Don Bates, Don Helfers and John Koeppen on the horizontal bar; Carl Krautwurst and Bob Lueder on the parallel bar; Bob Catherwood. Fritz Snyder and Tom Pendleton on the side horse; and Ken Koeppen and Bob Hawk on the trampoline. These boys will be among several dozen performing on various pieces of equipment used in gymnastics, with girls included on the trampoline.

In addition, the boys' gym classes, directed by Russ Attis and Ray DeGreeff, will put on exhibitions of volleyball, basketball, boxing and wrestling.

The girls will display folk and modern dancing, plus take part in the mass calisthenics, directed by Misses England, Craig and Weisenburger.

The show will start at 8 p.m. Friday, May 15, running for one hundred minutes and providing sports fans an evening's entertainment by the athletic department of Arlington Heights high school.

Squad Loses To York

The rain may have hurt the other sports teams at Arlington Heights high school last week, but the moisture helped Coach Ken Schaller's tennis teams at York Thursday. A heavy downpour stopped the frosh-soph doubles after all other matches had been completed, giving the Cardinals a victory in one match, though just who gets the credit is debatable.

At the time Floyd Burns and Tom Hansen were tied in the first set, 4-all, with Mavity and Daily of York. Gordon and Walters were being beaten in the other frosh-soph doubles, 2-0, after a 6-1 loss when the downpour ended activities for the day.

The Heights varsity dropped a 5-0 decision while the frosh-sophs were losing, 4-1.

Arlington Frosh-Sophs 3rd In Invitational Track

Third place was at stake in the final event in Friday's invitational frosh-soph track meet at Riverside-Brookfield. Hinsdale was a half point ahead with the young Cardinals of Arlington needing to finish the 880 sophomore relay just one place ahead of Hinsdale for the coveted spot.

Hinsdale failed to place while Arlington took third for third in the final standings with 27½ points. First was LaGrange with 40, Proviso finished second with 33.

COACH JOHN LIGON'S boys took a first in the shot, seconds in discus and 880, thirds in the pole vault and soph relay, fourths in high jump and 220, and fifths in the 100 and 440.

Kennicott accounted for the points in both 100 and 220. Streigel put the shot 43' 6", excellent mark for a freshman, with Wayne Mueller right behind with a toss of 40' 6". Mueller's 117' 6" brought him a second in the discus.

Pritschard tied for third in the pole vault. Schimmel tied for fourth in the high jump. Sheppard finished second in the 880. Hornbostel was fifth in the 440.

It rained all during the meet, with a final downpour raining down the curtain just as the last event was being run.

Card Golfers Beat New Trier, Maine

In a match punctuated and finally stopped by rain, Arlington Heights high school golfers edged New Trier at Indian Hills country club Wednesday of last week, 7-6. The Heights frosh-sophs lost, 5½-3½.

Just two matches, the first of two singles were able to be completed before the downpour. From then on it was anything from nine holes to 16 for various twosomes.

* * *

DICK HAUFF led the local duffers with 76, three under Magnussen of New Trier. The meet was match, match, medal, however, instead of the usual medal, medal, medal of West Suburban league rules.

Other varsity points were won by Ken Goodman and Bob McDonald. In the frosh-soph part of the aquatic program, Spinello too three points for Heights and Alton a half.

Arlington 7, New Trier 6

Hauff A 76, beat Magnussen NT 79, 3-0.

Geo. Skelton A 83, lost to Segil NT 76, 3-0.

Gr. Skelton A 53, lost to Armstrong NT 39 for 9, 2-0.

Goodman A 42, beat Lind NT 47 for 9, 2-0.

McDonald A 72, beat Driggs NT 74 for 13, 2-1.

FROSH-SOPH GOLF

New Trier 5½, Arlington 3½

Leark A 81, lost to Cummings NT 72 for 16, 3-0.

Spinello A 71, beat Sowersby NT 73 for 15, 3-0.

Alton A 64, lost to Bowman NT 63 for 15, 2½-½.

* * *

MAINE PROVIDED no competition Monday afternoon for Arlington's golfers as the Larsen-men ground out a 11½-3½ win. The Heights frosh-sophs landed on top, too, 7-2.

Dick Hauff's 76, Bob McDonald's 77 and George Skelton's 85 were each good for three points for the Cardinal and White. Only Goodman was behind for the locals, landing in several traps and losing heart for an astounding 104. Previously Ken hadn't shot higher than 90.

Both Spinello and Leark shot 88s for three points apiece in the yearling division.

VARSITY GOLF

Arlington 11½, Maine 3½

Hauff A 76, beat Pollen M 87, 3-0.

Geo. Skelton A 85, beat Birk M 87, 3-0.

"Our Aim: To Fear God, Tell The Truth, and Make Money." — H. C. Paddock, 1898-1935

Happenings 10, 20, 30, 40 and 50 years ago this week

Fifty Years Ago

MAY 9, 1903

The Borden Company have begun the operation of a condensing plant at Cary.

The salary of the Barrington village clerk has been increased from $75 to $100 a year.

A bill has been presented in the state legislature to prohibit the shooting of pigeons from traps.

Henry Fisher, old time Bensenville resident, dies.

Itasca is a good location for a wash woman, about 10 families to wash for and none available. Some strong woman could make a good living here.

Miss Mary C. Korthauer, Bensenville, becomes bride of August Wede of Itasca.

J. A. Sigwalt, Elk Grove, took his children, Esther and Henry, to Sunday school. They were greatly pleased and hope to go again.

Mrs. Mary Ballenbach, Wheeling, 63, passes away.

James McElhose, Arlington Heights, started for East St. Louis, to attend a GAR encampment as delegate from the Des Plaines post.

Edward H. Bolte, Arlington Heights and Miss Elsie Schering, Palatine, are wed.

Mayor A. S. Owens who has served Palatine faithfully several years received only $24 for his last year's salary, barely enough to buy a cheap suit of clothes.

H. P. K. Bicknase was retained as janitor of Palatine Public school at $30 per month.

Rev. and Mrs. W. H. Smith celebrated their golden wedding May 4 at their Park Ridge home.

Ralph Butler, Palatine, passes away.

A petition has been presented to the Palatine village board asking that they investigate the price of concrete walks to take the place of the present wood walks.

Forty Years Ago

MAY 9, 1913

Carl Hagenow, 83, Elk Grove, passes away.

President Mors, retiring village Arlington Heights mayor, delivered a valedictory which included the trials of a village officer, the unjust criticism which made the burden heavier so that honest citizens refrain from public office and fear of maligning infuences, backbiting and discrepancies which do injury to the most worthy character. If all who have thus indulged would have heard his just arraignment, they might pause and resolve to do this in the future. There is room for repentance.

Palatine, Lake Zurich and Wauconda railroad is now completed. A big celebration is planned at Wauconda with a grand display of fireworks. The road was started in 1910.

Palatine gravel haulers have their second annual picnic on Plum Grove picnic grounds.

Thirty Years Ago

MAY 4, 1923

Rush finishing work on Arlington Heights high school building. Assembly room and gym are wonderful, is the opinion of visitors.

Arlington Heights public library operated by the Woman's club now has 1,700 books.

Local milk producers will get $2.40 for the coming two months.

Elk Grove is getting ready for the T. B. testing of their herds.

A visitor in Wheeling says he never met with such a neighborly spirit.

Wm. Brecklin, ex-professional ball player, is now manager of the crack Bensenville team.

School District No. 10 builds new school house.

Palatine people have been enjoying open air radio concerts. Earl Bicknase amplified his radio to such an extent that messages received by it can be heard all over Palatine. The concerts are heard a mile away.

Twenty Years Ago

MAY 5, 1933

They are still looking for ways to cut municipal expenses in Arlington Heights. Mayor Flentie made his appointments Monday evening contingent upon the acceptance of appointments on a 10% cut all along the line from the village treasurer to night policeman. The police department is at present costing the village over $300 in salary every month.

Wood Dale under commission form of government is now under operation.

Palatine tax collections less than 40%.

Illinois is to vote June 5 on the repeal of the 18th amendment.

Inflation bill passed by Congress which permits the president to reduce the weight of the gold dollar.

A new state law licensed the sale of beer and wine up to 3.2. Dispensers must serve food also.

Mr. and Mrs. Wm. Stock of Addison township celebrate their silver wedding.

School district No. 25, Arlington Heights, establishes the following fee for use of new building. Evening use, if no admission is charged, $1.00; if admission is charged, $2.00; use of gas 25c for three hours or less and 10c for each additional hour; use on Sunday for Sunday school $5.00 per month.

Mt. Prospect village board notifies the school board that it will not renew lease for the community hall, former school house, which had been used as a community meeting place.

Ten Years Ago

MAY 7, 1943

Operating costs of Palatine elementary school exceed revenue $3,000 this year.

Mr. Henry Hobbs, outstanding etcher, has included one of his prints of the village depot in the southern art league traveling exhibition. The depot is an exact reproduction of the interior of the Palatine depot, the old stove, and a town character.

Arlington Heights building commissioner, Paul Taege, presented his annual report to the village board Monday showing a total in building permits of $14,675 which is about the value of one good home. The highest month of the year was June with $7,000.

Call first quota of married men by selective service board No. 1.

Mt. Prospect community church has a service hour at 8 a. m. for the benefit of the men with victory gardens.

Fred Buenzow, Palatine, passes away.

Mr. and Mrs. Kretschmer of Palatine celebrate golden wedding.

Fred Goebbert, Elk Grove, passes away.

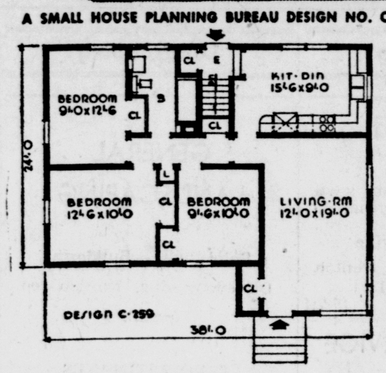
A SMALL HOUSE PLANNING BUREAU DESIGN NO. C-259



New Ideas in Homes

Design C-259. This is a compact arrangement of three bedrooms, bath, large living room and combination kitchen-dinette, grouped around a small central hall from which all rooms can be reached.

Bedrooms have excellent wall spaces for the placement of furniture, and have wardrobe-type closets. In addition, there are closets at each entrance and in the bedroom hall.

Plans also call for a full basement, grade entrance and kitchen cabinet arrangement to allow a large dining space under the rear windows.

Exterior finish is siding on frame construction and asphalt shingles. Floor area is 997 sq. ft. and cubage is 19,441 cu. ft.

For further information about Design C-259, write the Small House Planning Bureau, St. Cloud, Minn.

PLAIN TALK

One of the paradoxes in today's governmental hierarchy is that schools, which take the biggest cut of the local tax money, have very little voice in guiding their own destiny.

It is appalling to consider what the large developments of low cost housing can do to the suburban schools, yet the school authorities have no legal right to protest. It seems reasonable that the effect on schools be given consideration; but the state law provides that only municipalities may be heard, and they only on the basis of the public health, safety, comfort, morals and welfare of the people.

News stories are pouring in about a development adjacent to Mount Prospect which is being permitted by the County over the protests of both the village and the school district. People of Arlington Heights and Palatine are aroused about similar situations.

It's like arguing with the ump in a baseball game — you know who is going to win. But if enough people will slough off that feeling of hopelessness, their elected officials will take heed.

* * *

Cold cannot chill nor rain dampen the enthusiasm of true baseball fans. One day while the TV announcer was busy selling beer, it was amusing to hear in the background the vendors promoting the sale of hot chocolate.

Arm chair sports fans were hard put Saturday afternoon, deciding between the Kentucky Derby and the thrilling finish of the White Sox game.

* * *

People who kick about TV commercials are being given the opportunity to "kick in" toward Channel 11. Also those parents who object to programs now being offered for children. A campaign to raise $800,000 to support the educational station for two years is in full swing.

Plans for programming are nebulous as yet. A number of programs already aired over commercial stations show the possibilities are endless. A list of the sponsoring institutions, including institutions, museums and libraries, is promising.

* * *

Federated church women last week took a stand against the bills now before the state legislature revising the liquor laws.

Control of liquor is a difficult social problem. The bills introduced in the House appear to favor the industry, rather than the public good, and this is the one industry that doesn't need coddling. The present batch of bills is so flagrant a number of wholesalers have refused to back them.

Aside from the moral viewpoint, there's a very practical aspect that should be considered by those who like a nip now and then. A price fixing bill is included in the lot, and what's more, it is to be enforced at the expense of the taxpayers.

Every garden should have the ethereal purple leaf plum. Its delicate pink flowers and spicy fragrance are the very essence of spring.

The perfection of the forsythia this spring deserves comment.

Someone said the other day they think it is a good idea to have four seasons, especially if all four are spring, and we concur.

Election Over

I am surprised that your fine paper would publish such a letter as that by Fair Play appearing in the issue of April 30.

A person who is afraid to use the most proud possession of any man—his own name, is hardly deserving of an answer. Obviously, he himself must be one of those disappointed self-seekers he complains about and is disgruntled because they were effectively disposed of by the recent election. If not, why hide behind a nom-de-plume? This is not Russia. Even the phonies we are saddled with, such as Fair Play, won't wind up in a Siberia regardless of what they say.

The rest of us like Arlington Heights. We are as intelligent as anyone else anywhere and just as proud of our town. The only persons who would be unhappy here are those like Fair Play who have delusions of grandeur, a false sense of values and no confidence in his fellow-man. In the true American way, 72% of the voters have spoken! Let Fair Play take that answer like a man or move to the North Shore he seems to like better.

George Goewey,
Arlington Heights.

Editor's Note: The Fence Post has never been flooded with so many answers to a contribution as have been received since the publication in last week's issue, to a letter signed "Fair Play." In fairness to all the authors of the answering letters we are only publishing the first one received. The charge made by "Fair Play" is adequately answered by this letter, which expresses the gist of all other comments not published. The election is over, the new board has taken office with the best wishes, we hope, of all citizens. There will be no more letters published regarding the recent campaign and election.

School Needs

Last week's edition of the Fence Post contained two letters relating to the referendum Saturday on the selection of a site for a second high school in this district. Both of them were in opposition to the purchase of such a site. That there was no corresponding expression of views favorable to the proposition presented by the Board of Education is certainly not the fault of the editors; more likely, it was simply an example of the old principle that those against something write more, and frequently better, letters. Basically, the opposition expressed was two-fold:

(1) That the judgment of the Board was faulty in planning for a maximum of only 2,000 students at the present location, and (2) That the figures that have been presented by the Board do not demonstrate the need for action at this time.

With respect to the first argument that 2,000 is an unreasonable maximum figure for students in the present high school, two arguments were presented: (1) the personal opinion of Mr. Seiler, and (2) the other schools in Cook county which are considerably larger than that figure. In reviewing my notes of meetings of the Board of Education during the past several months, I find that I specifically asked the consultants from both the University of Illinois and Northwestern University as to the most desirable size of high schools serving areas such as ours.

These men, who are widely recognized in their field, were in substantial agreement that a maximum size for the economical offering of a full curriculum was approximately 1,200 students and that administrative problems and more particularly the loss of personal attention to the pupils became very serious drawbacks at around the 2,000 mark. I have discussed the same problem with board members and administrators from this area while attending meetings of the Tri-County School Boards Association Advisory Council and received generally the same answer.

The argument that other schools in this area are considerably larger in student population than 2,000 and that some of them enjoy fine reputations is not, I believe, particularly pertinent and certainly ignores the history as to how they became that large.

Certainly, many of them are good schools, but they are so in spite of the handicap just as there are many things that can be done which are not desirable. For example, I doubt very much if you could today get support for the establishment of a single attendance center in Main township if it were now possible to have separate high schools in Park Ridge and Des Plaines. As another example, the people in York township several months ago voted an advisory referendum in favor of locating a new and separate high school in Villa Park as opposed to the unlimited expansion of the present site in Elmhurst. The fact that this program has not as yet been carried out does not detract from the wisdom of the voters in that area at that election.

The point that I am trying to make is that the growth of the very large high school in suburban Cook county is not the result of any considered body of opinion favoring the single large high school, but rather the historical, not to say accidental, growth of schools that were previously established. The present Board of Education of District 214 is trying, by fore-sighted action, to make it possible for us in this area to avoid the creation of an unwieldy, unmanageable educational unit while there is still time and opportunity to do so.

Nor, I believe, is there logic in the further delay of an acquisition of a second site. If anything, the Board of Education has grossly understated the need for immediate action.

In the first place, the figure of 4,000 has been quoted as the estimated high school population by 1960. Unfortunately, nothing has been said as to the progression of that figure. The same survey which was reviewed by and which has the endorsement of the University of Illinois shows an enrollment of 2,500 as soon as 1956 and 3,000 by 1957. These figures are not eight years away.

In addition, the assumption has apparently been made by Mr. Seiler that these enrollment figures are predicated on continued high prosperity and upon unlimited growth of the community. On the contrary, they do not include any such projects as the much discussed Kimball Hill or similar developments and are based for the most part upon children already living in the district and particularly upon children already enrolled in our grammar schools.

The bulletin issued by the Board of Education and mailed to all residents of the district in November, 1952, showed that there are now 570 youngsters in the fifth grade of our elementary schools and well over 700 in the first grade. A freshman class of 570 starting in 1956 would shortly produce a high school of 2,280 students—a freshman class of over 700 would produce a high school of approximately 3,000.

These figures are children who are here now and do not contemplate any building whatsoever. They are not going to vanish into thin air even if we do not have that long-heralded recession.

One other point worthy of discussion is the capacity of the present site considered apart from the question of desirability of a school of three or four thousand students. Educational authorities recommend today forty acres for a school of 1,500 to 2,000 students. Our present site is only slightly over half that size. Where, as a matter of fact, is additional building to be done beyond the re-building and enlargement of the present front of the building? If that were done and wings extended forward on the east and west sides of the campus, the capacity would scarcely exceed 2,000 or, at the very most, 2,500 students and at a loss of virtually all open space in front of the building. It is apparent that such expansion will probably be necessary in addition to, not in lieu of, a new site.

In a word, the proposition for unlimited expansion of the present school just won't work. The underlying question is not really whether we should have one or two high schools, but whether the Board should be permitted to proceed with the planning for a second high school now when land is available and at a reasonable price, and there is still time for the careful, gradual development of both sites into an effective educational system which will retain and improve upon the fine educational opportunities which are now offered to our children.

Increased Salaries

Your story "Village Dads Boost Salary of Mayor, Clerk" in the April 30 issue fails to mention that Trustee Don Foster and I voted against this increase.

We have publicly stated for some time that the business administration of the village should be carried out on a full time basis and that couldn't be expected of the village clerk at the rate of compensation he was receiving. However, during all of the discussions about a qualified village manager the candidates on the citizens ticket stated that the same thing could be accomplished by making the clerk's job a full time one and by raising his salary to something under $5,000.

I voted against these increases because there was no explanation given as to what the clerk or mayor would do for this extra compensation beyond the statement that the clerk would devote full time to his village job.

I think the taxpayers of Palatine are entitled to know just what they are going to get for an 80% increase in the rate of pay to the village clerk and 150% increase in the rate of pay to the mayor.

Robert M. Green
Palatine.

P. S. The mention in your story that "the trustees, under a legal opinion expressed by Attorney Matthews, must be content with only $5 a meeting, the same as they have been receiving," is news to me. There was no discussion of trustees' salaries at the April 23 meeting and Attorney Matthews was not there. If there has been any discussion of trustees' salaries it has been done without the knowledge of Foster, Eddy and Green.

Roselle Man Disapproves

There is a widespread belief in Roselle, due largely to talk by irresponsible persons during the recent elections, that Tom Powers was defeated because he opposed the erection of a Boy Scout lodge as sponsored by the Lions club of Roselle.

This is definitely a type of character assasination of an able man who was doing his duty according to the dictates of his conscience and his oath of office. I, along with all other decent men of Roselle, including, I am sure, his successful opponents, cannot tolerate this.

The reaction of persons not knowing Mr. Powers is that he is a ratty character antagonists to the Boy Scout movement and possibly to the Lions club. Nothing could be farther from the truth. At a neighborhood meeting last year (and about forty of us can attest to that) it was proposed that the group should help sponsor a Boy Scout lodge of a log cabin type. Mr. Powers, a father himself, was an enthusiastic supporter of that idea.

Mr. Powers as a conscientious village officer, may have questioned methods, legal points, etc., but certainly not the end result. I have been associated with the Boy Scout movement probably longer than any other man in the county (since 1910) and I would be the last to defend Mr. Powers if I doubted his sincerity.

Also I would like to clear the Lions club of any part of this unfortunate affair. After talking with the officers, I am convinced they are definitely unhappy about the use of their name in this manner.

Metal Makes Debut

Once a laboratory curiosity, zirconium—newest wonder metal—is being used by Westinghouse in sizable quantities to construct the nation's first atomic submarine engine. Company scientists perfected a method of mass-producing the strong, corrosion-resistant material in a 99.9 per cent pure state.

Credit To The Town

Your Editor's Column of April 30 contains a nice boost for a group of young people who wish to live in the Kimball Hill project. The item quoted them as suggesting that a section in the northern part of Arlington Hts. occupied by another group of young people who have purchased 50 foot lots might come to be described as a "shack-town."

The expression is an unpleasant one.

Some of us who live in lower priced homes in northern Arlington Heights cannot help but wonder if the fact that you chose to feature the comment as news worthy and to run it in bold face type means that you endorse it. If so we would appreciate very much learning specifically what you may have in mind.

On the other hand, we believe that you could find friendlier news material in the young people of our section and in the work they have put into their homes and into contributing to the community. I assure you of our earnestness to be considered a credit to Arlington Heights!

Arthur H. Davis, Pres.
Arlington Terrace Owners Association.

Front Page News

May 5, 1953

The Kimball Hill case is headline news and appears on the front page.

It seems to me that the item on page 4, April 30, "County Board Approves Rezoning in Palatine Township" should have made the front page too.

The Cook County Board of Commissioners approved the recommendation of the County Zoning Board covering the rezoning from farming to residential of 29 acres on Lake-Cook rd., north of Deer Grove Forest Preserve. Maxon Construction Company of Barrington will build a subdivision of ranch homes in this area which will add to the problems of the school district.

The rezoning was opposed by the Consolidated School District Board and the Palatine Village Board but passed despite this protest.

Just Around The Corner

from PATTY McARDLE

Dear Peg:

In the farthest corner of the exhibition hall, two little old grey-haired ladies were busy at work, carefully wrapping up each piece of old class and china in newspaper, and packing it into a cheap, brown suitcase whose clasps had long since given up their job to a ragged cloth belt. Hanging from the makeshift walls of their tiny booth, were a couple of drab quilts which, as far as I could tell, possessed neither the beauty of workmanship nor the beauty of age. Two dark shapeless coats hung in the corner and over each a purse — one an elaborately beaded and fringed affair, the other covered by petit point, darkened and worn with use.

As the old women bent over their work of emptying the shelves, leaving me unnoticed, I glanced over the things that were still to be packed. There was a pink and white bisque figure of a shepherdess, a china doll's head, several tiny dishes with pale violets painted on them, a Chicago World's Fair ash tray, several old pieces of colored glass and a stack of bone dishes.

* * *

ON THE FLOOR was a copper teakettle, a rusty trivet, a black wrought iron wall lamp holder and a flat iron. Right beside me was a box holding a sign which read, "Anything in this box 50 cents." Inside were strings of amber and coral beads, unusual buttons, some nondescript coins, and oddly designed pins missing clasps and stones.

Through her rimless glasses, one of the little old ladies seemed to be looking over the remaining pieces for something special to pack, and without turning her head, spoke softly to her partner, "I'm glad it's over, aren't you?", then picking up the shepherdess, she started wrapping it lovingly in a fresh piece of newspaper.

* * *

WE GOT IN ON THE LAST NIGHT of the hobby and antique show, held at the Conrad Hilton last week, and were surprised and disappointed to find so little in the way of hobbies. A great deal of publicity had been given to the doll displays, and these were by far the most interesting and unusual part of the show. There were old and new dolls from every country, dolls with delicate bisque heads and wooden bodies, hand carved all wood dolls, dolls, dolls with wax heads, a very old baby dolls with wax heads, a very old baby ing (a tiny mechanism under its dress turned the head, hiding one face under the bonnet), and an antique doll in the shape of "Uncle Sam," complete with a real hair beard, stove pipe hat, and original "stars and stripes."

However, the only other hobbies on display were a collection of rocks, several booths of buttons, and a booth of coins and stamps.

For the most part, it was the usual, big antique show — the usual tiny, hot, over-crowded booths — the usual tired, bedraggled, raspy-voiced dealers — the usual glassy-eyed, crowd of people, milling around completely unaware of jostling shoulders and nudging elbows — the usual atmosphere of a county fair on Saturday night.

My love,

Patty.

THE MAILMAN'S CORNER

BY LELAND ELLIS TRUXELL

Even before Junior's voice begins to change, another change has taken place in his nature. For years he has looked to you for guidance, and has obeyed your wishes. Suddenly you find that he is wanting to do things for himself, in his own way. He tells you you are old fashioned, and don't understand. His frightening lack of knowledge about life astounds you, and causes you frequent nights of worry.

He knows little about marriage and sex, yet he is of the opinion that he knows it all. that he is living in a bright, new world where you, with your 19th century ideas, do not belong—except as a provider of food, clothing and shelter.

He is changeable—aggressive, worried, sure, afraid; but most of all, if a boy, aggressive and demanding; or if a girl, secretive and subtle.

As parents, you are more than concerned. You are frightened, and thoroughly puzzled at times. How are you going to handle this half child, half adult, who is both wise and foolish, but whom you love from the bottom of your heart?

* * *

FUTILE TO SAY you need only tact, courage, understanding! To reach an adolescent mind takes all that. But how fortunate you will be if you have taught your children responsibility early, for the habit of responsibility for one's actions in childhood carried into adolescence and adulthood. Fortunate, too, will you be if you have found time to be his companion and pal; if you have come to know his friends, their characteristics, parents and personalities. Today, more than ever before, parents must know all of their child's background. Must recognize his interests as they show, be interested and helpful in them; fortunate, too, in having obeyed traffic laws, shown respect for police and city officials; in having faith in God and the teachings of Jesus Christ; and have good personal habits and high moral characteristics.

Many times when your child says you do not understand, it is because he believes that you do not understand him, his half formed wants, abilities, fears and problems. Opportunities for going astray are greater than ever today. Only your child's faith in God, and the understanding and love of his parents can help him at the time he needs help most, in adolescence.

Who's Backward?

Advised to leave Union college because of "inadaptability," George Westinghouse refuted the "dull and backward" accusation of his teachers three weeks after his nineteenth birthday by winning a patent for a rotary steam engine. It was the first of 361 patents which won him world acclaim—and an honorary degree from his once-skeptical alma mater.

In the Shadow of + + + The Steeple

by William O. McGill

It's about time someone persuaded a few legislatures to pass a new hunting law; the season should be restricted on schools and school administrators. There seems to be a type of mentality which thinks everything can be settled if enough schoolteachers and administrators are fired, or cowed by sufficient pressure from a loud group of people who didn't spend nearly enough time in school learning to think, in the first place.

The school board of Chicago has recently given in to this sort of loud pressure from people who object to what is referred to as a "socialistic" civics book—the fact that no one has yet recommended a better one is apparently beside the point. They have also given in, apparently, and removed a course on the United Nations from the high school curriculum. The principal resigned to take a job at Harvard where they are going to pay him considerably less money—but it will be a peaceful task. Harvard understands that men must think and live in the world at present.

* * *

THE DETAILS are vague, but a western suburb in DuPage county is having a fine hassle. The Parent-Teacher Association has been barred from the school; the president of the school board and the principal have resigned. The principal says she has never had any trouble with the parents, leaving a rather clear implication that any one who knows a hawk from a handsaw may draw. The PTA charges that the board has submitted to the demands of the same kind of pressure groups as have been at work in Chicago.

In a recent issue of LOOK, a California housewife has described the campaign of vilification and terrorizing which was unleashed against her when she complained about the school board's dropping a course on the United Nations.

For the past three or four sessions of the state legislature, Senator Paul Broyles has been trying to put through the kind of bills that would effectively bar from the teaching profession any person who may have had an idea relating to politics which would have been obnoxious to Mark Hanna. It is supposed to be an anti-subversive measure, but it is such an improvement on the present laws relating to subversion that no one has to be proved guilty of anything except perhaps voting for Roosevelt.

* * *

ADD TO THIS sniping on the flanks which afflicts educators the daily frontal attack by the little dears you and I are raising, and it's a wonder anyone wants to accept the emotional strains of teaching school.

It's amout time that most of us who are convinced that we live in the twentieth century woke up to the fact that freedom is defended on the grounds where it is attacked. If that child in your home does not learn to think while he is growing up amid the machine marvels of our age, God help us all. If that child does learn to think, he will have to do it on the basis of using all the evidence.

We live in a world where around a billion people are under Communistic regimes, where the United Nations is the best hope we have for the establishment of peace—but let's raise our children to be ostriches, let them keep their heads buried in the sand so that they won't know anything about the world in which they live. If it is important that they learn what kind of wood is cut in the lumbering industry in Chile, it is more important that they know how Chile is governed and why. The same is true of China.

Only about a century ago, a political party which claimed the distinguished name of the "Know--nothings" almost elected a president of the United States. They were anti-eastern, anti-foreign, anti-education; they were concentrated in the midwest. And their spiritual heirs are still with us.
